Foreword

With pleasant thoughts of busy school days, activities, old friends and teachers, not yet dim in our memories, we turn to the task of recording these thoughts that they may remain with us through the coming years; to help us live again the happiness of our school life.

We have named our book "THE TROJAN" with the hopes that this will be kindly remembered. Thus, as a band of warriors have left a beaten path in their history, we leave "THE TROJAN" as a representative of our efforts.

A MESSAGE

from my
Superintendent

CUMBY HIGH SCHOOL

To the students of 1943:

Little can be said during these trying times that would cause one to be optimistic, in view of the fact that our enemies expect to divide and conquer, but bear in mind that united effort is a great factor in winning the conflict and restoring peace in this fast changing world.

An economic world mindness now rests on the shoulders of the present-day students, so it is my earnest prayer that all students, in every land learn to live in harmony.

Sincerely yours,

Preston E. Hutchinson

TROJAN
STAFF

The Senior Class of 1942-43 have undertaken to edit the second issue of the "Trojan". We appreciate the cooperation of the business men of this and surrounding towns, and of the students who aided wonderfully in the making of this book.

Editing the Trojan has been no easy task. Instead, it represents a lot of hard work. It has been our sincere aim to embody in this year book a fairly complete history of old Cumby High School for the term 1942-43.

We, the staff, submit the result of our efforts to you, the student body, with the earnest hope that you may find in this book many of those things which will call up happy memories of school and old friends--that these memories may cheer you in years to come.

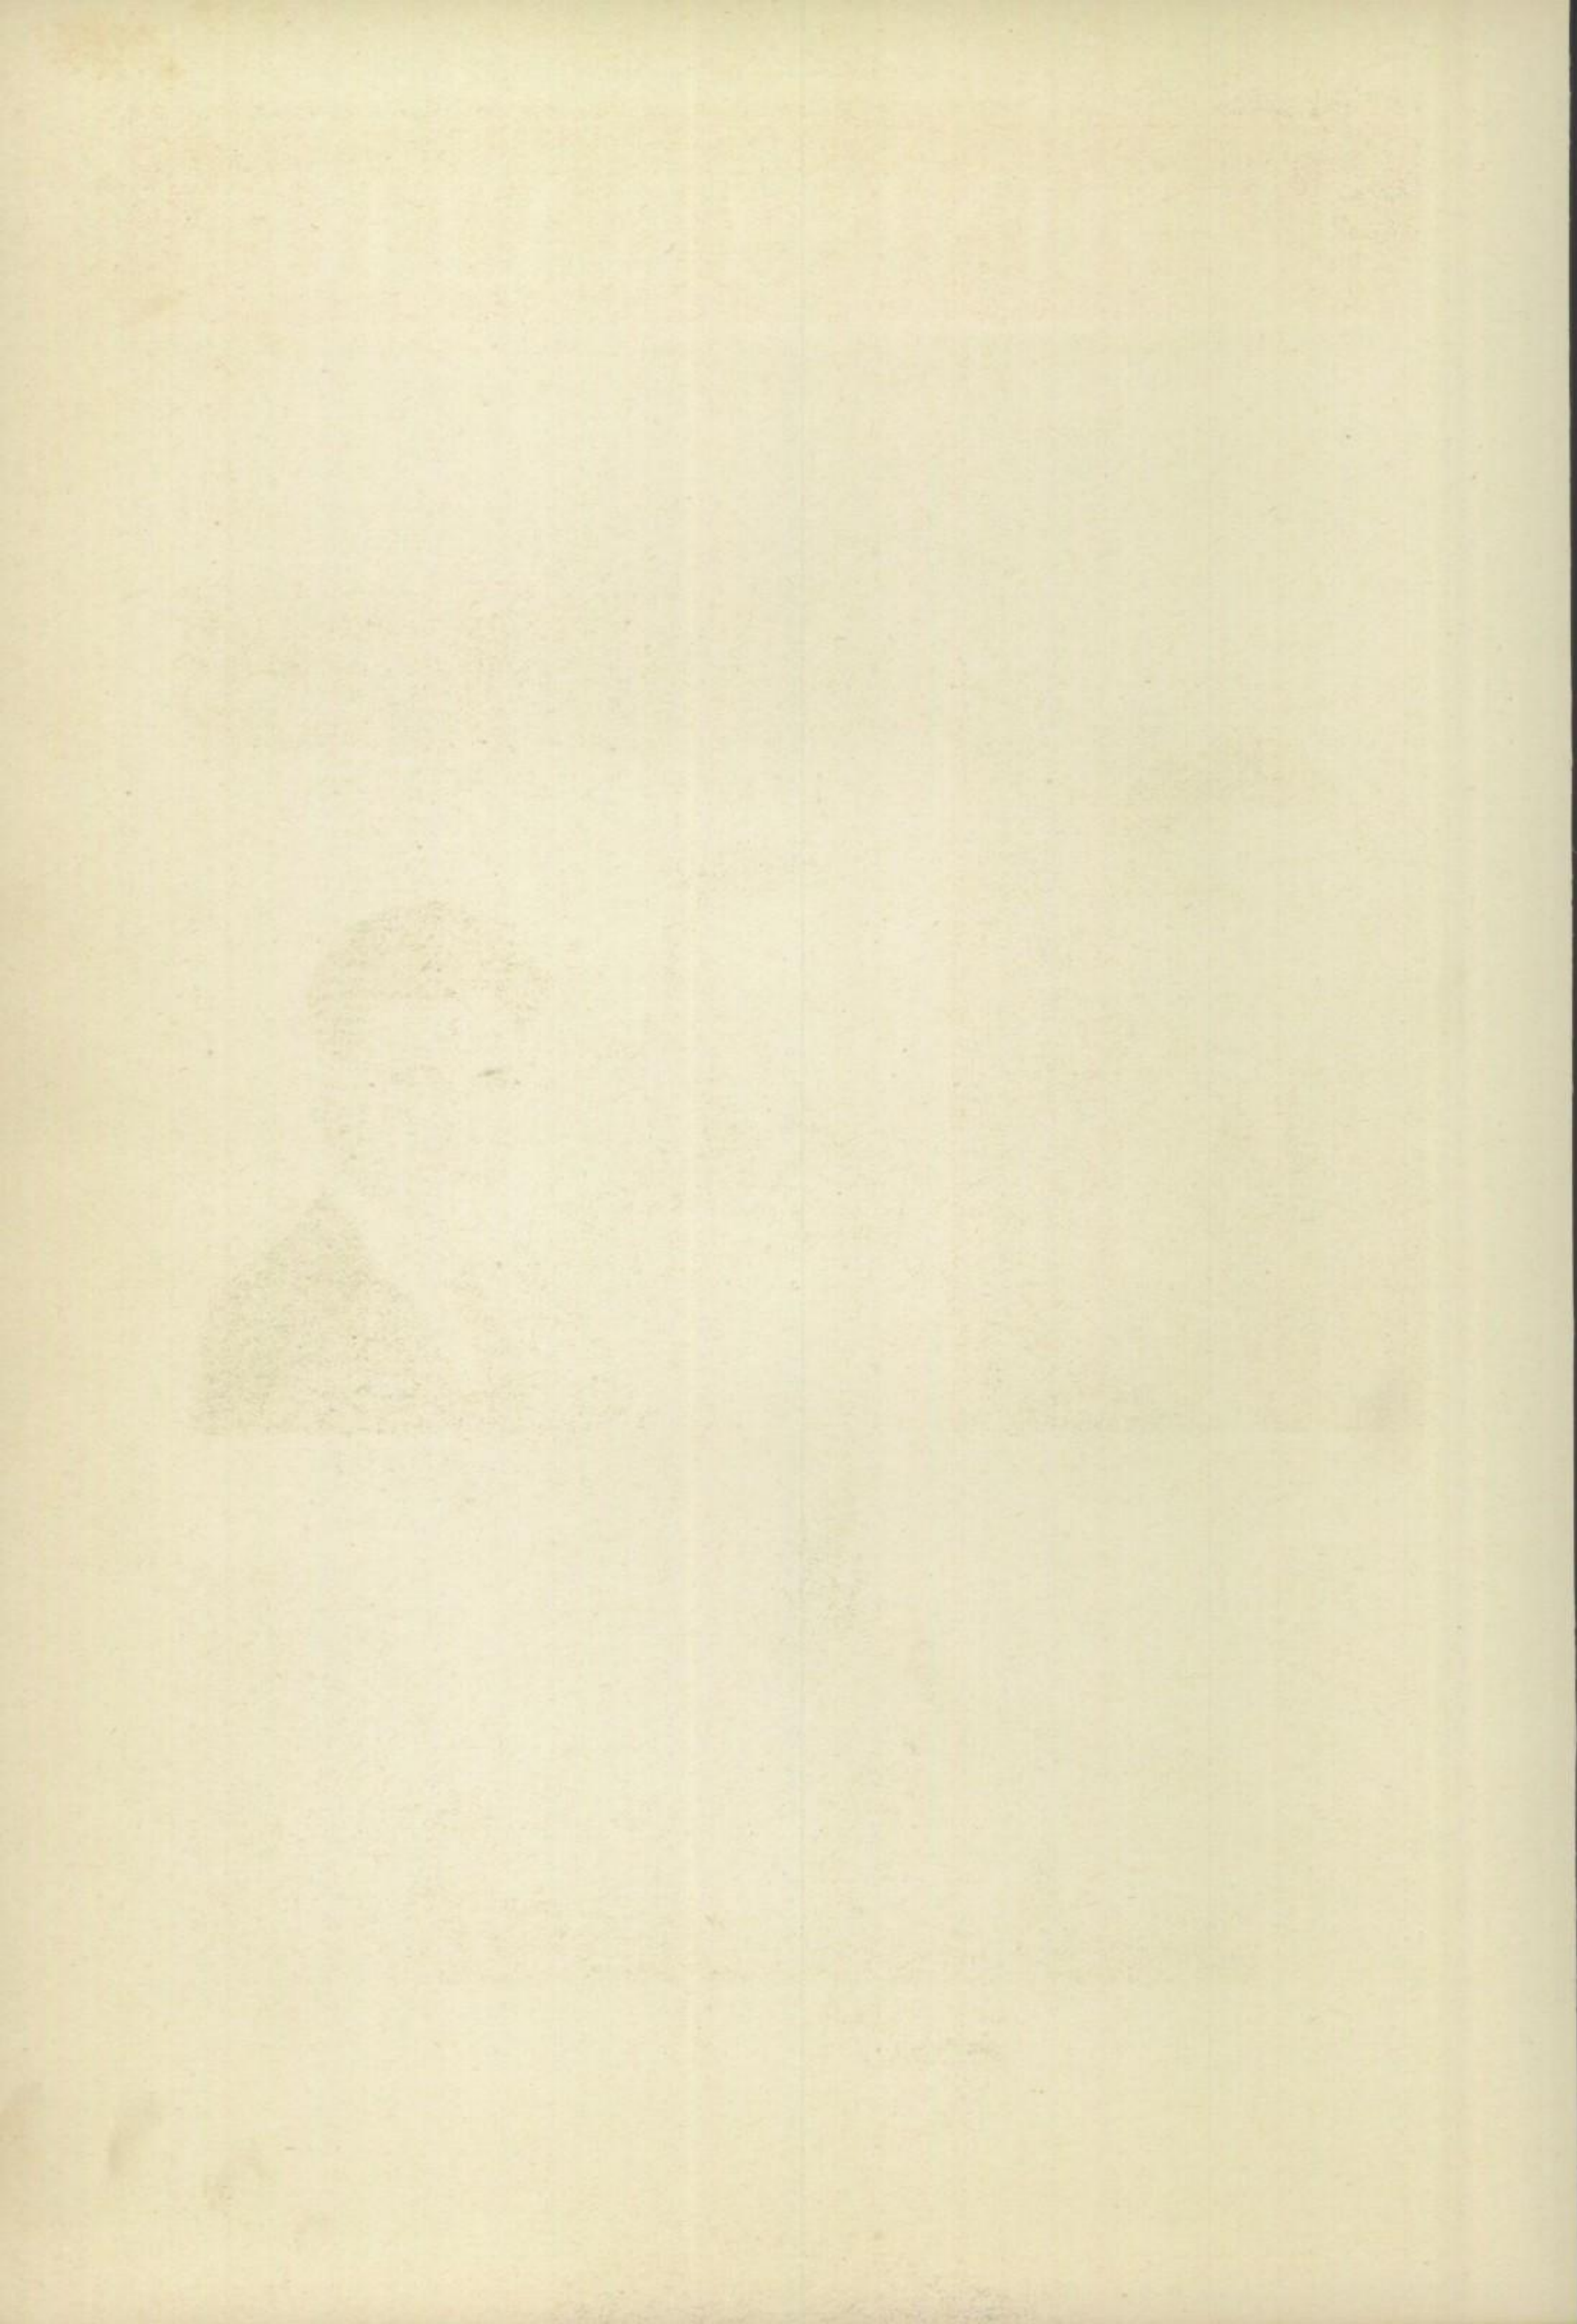

Dedication

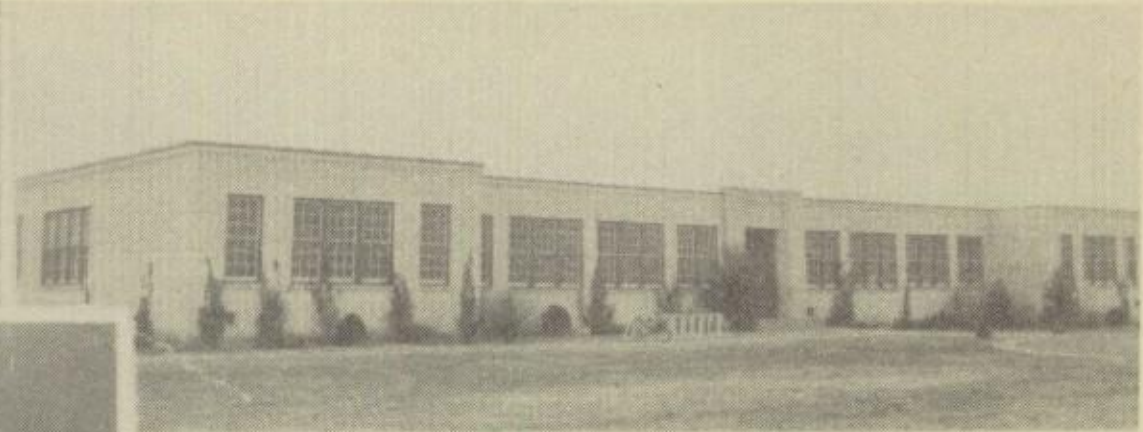

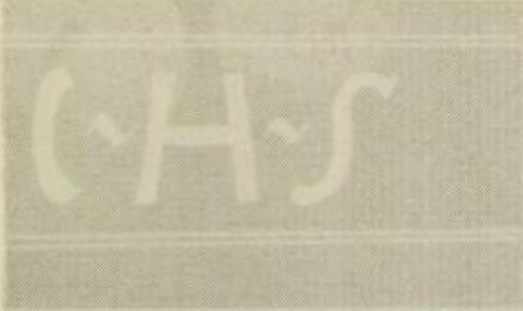

R. J. BOLTON

To R. J. Bolton, we dedicate
the '42-'43 *Trojan* because he is a
true friend to every student, and
we want to show our appreciation
for his kindness and thoughtfulness.

TEN YEARS FROM NOW

Bobby Adair is making good money in a truck line all his own, while his wife, *Janet*, takes in washing to try to keep up the home.

Imogene Toles thinks fate has dealt her some mean tricks for she is still not married at the age of twenty-six.

Billy Gene Chapin took his father's place and is now serving as a trustee on the Cumby School Board. Billy has at last reached his goal, after years of toil, the poor soul.

Brazil Follis, now in the Army Air Corps, has just received his promotion for bravery and valor. He stood pat, but he missed every plane that he ever shot at.

Van Smith is running the domino hall in Cumby; Van has had a hard struggle, looks as tho' he can't win, pays out more money than he can take in.

Katie Hall is now supporting her husband, *James O. Beasley*, by running the dietitian room in the Cumby General Hospital. Their marriage threatens to come to a bitter end, for she can't make as much money as he would like to spend.

Dorothy Nell Mayes is running a bakery for which *R. L. Green* drives a bread truck. Frequently her bread has been known to mold, for she never sold a loaf under two months old.

La Verne Barnes is now operating a sandwich shop on the outskirts of Cumby. Her headwaitress happens to be *Mrs. Gerald Carpenter*, the former *Jo Ann Bowden*. The bill of fare was very poor and far from being nice, no customer she ever served was known to eat there twice. Now *Jo Ann Bowden* was quick on foot working with quite a dash, serving the food in modern style making many a mash.

Truett Mosely finally gave up all hope of getting *Mary Louise Cox* to marry him and he is now in Hollywood making motion pictures. His critics say instead of trying to become a movie actor, he should be at home driving his father's tractor.

Mary Louise Cox as the years go by, her face marred by many a wrinkle, cries for having missed her only chance to hear her wedding bells tinkle.

Norris Ray Green is now with the great side show, "Wonderful Wonderland." His years are now exactly twenty and seven, if he hadn't been stunted in his growth, he might have reached seven feet eleven.

THE SENIORS

TEA MEETING

The seniors of the school are pleased to announce that a tea meeting will be held on Friday, May 15th, at 3 o'clock in the school hall. The purpose of this meeting is to provide a pleasant social gathering for the seniors and their families. The menu for the occasion includes a variety of delicious refreshments, including sandwiches, cakes, and fruit. The seniors are looking forward to seeing everyone and to having a wonderful time. Please bring a small gift for the seniors if you are able to do so. The meeting is free of charge, but a donation of \$1.00 per person is suggested. If you have any questions or need more information, please contact the seniors' committee at the school office. We hope to see you all there!

THE SENIORS

TEN YEARS FROM NOW

Otis Evans is a great professor in the Cumby High School. As a teacher he's proven a great success, otherwise he's a failure more or less.

Raymond Strickland is running the "Crispy" Potato Chip factory in Greenville. In stopping at Greenville he made a great mistake; he's too near home to pull such a fake.

Helen Marlar is now doing an act in the circus. The act she is performing is well fitted to one of her size and age, shoving peanuts to the monkeys through the bars of the cage.

Don Noble is working hard to support his family. He has joined the Marines. Sailing over the seven seas must keep him quite busy, for all the sailing he ever did here was driving a tin lizzie.

Connie Bill Cross and *Christine Penelton* are still going together. Connie is just too timid to pop the question. But a lump in his throat always caused him to stop.

Jimmie Nell Smith is a ballad dancer. She can set her feet to music both quick and slow, but shows of her best following a drum solo.

Loyd Robinson is now head electrician in the light plant at Paris. To learn how he pulled this job we never cared to bother, but it must have been through the influence of his electrous father.

Now *Billy Jack Gaines*, a man of great renoun is sitting as judge of Cumby town.

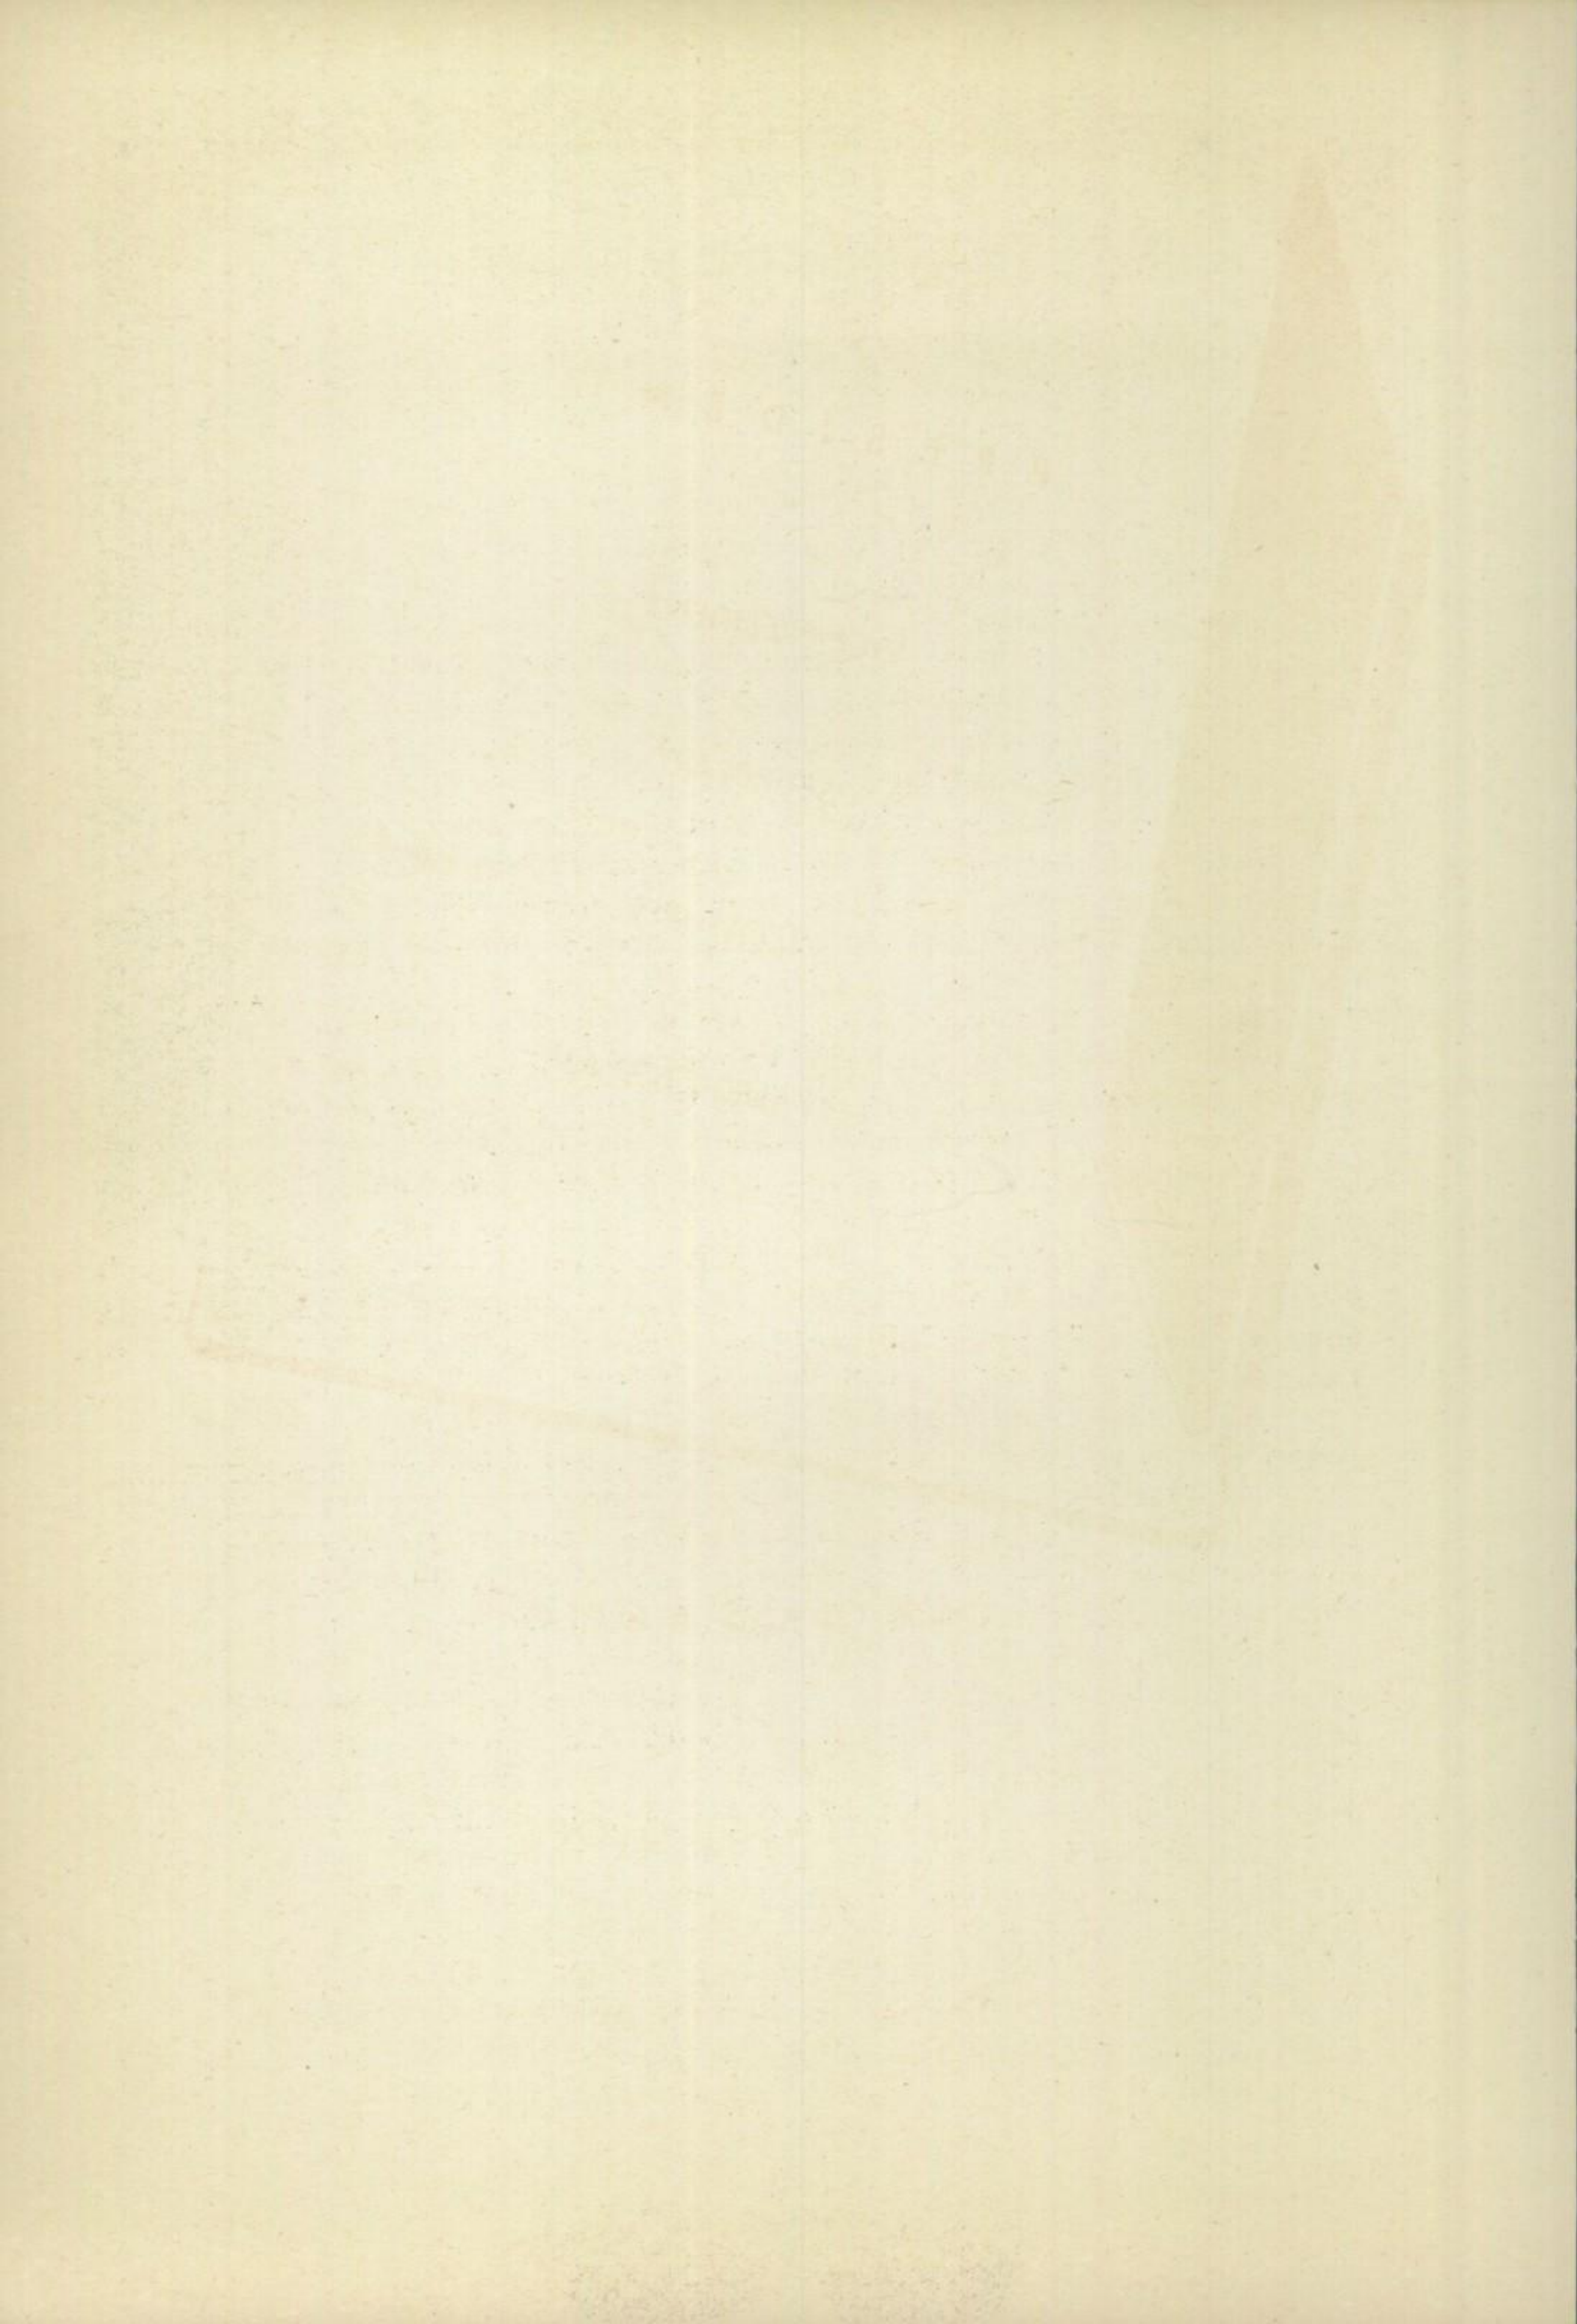

We also have another girl, who heard her country's call and is one of the world's best riveters and helped the Axis fall. Now the boys in Dallas may want to know her mame. It is *Myrtle Ruth Crumpton*, who stands in the hall of fame.

You may also be interested in the girl, *Dorthia Lee Romans*, by name; she is married to *J. C. Smithers* who runs the subway train.

Mary Jo Baxter, a basketball star, is touring the world both near and far.

Doris Smith, a student of honorable mention has carried out her one intention. She already has, you know, taken Kate Smith's place on the radio.

In closing, we shall give our thanks to Mr. Bolton for taking our pranks; he has been kind, and patient, too; ready to serve and see things through. We are sincere and can truly say thank you, Mr. Bolton, in our humble way.

OUR CLASS MOTTO

OUR CLASS COLORS

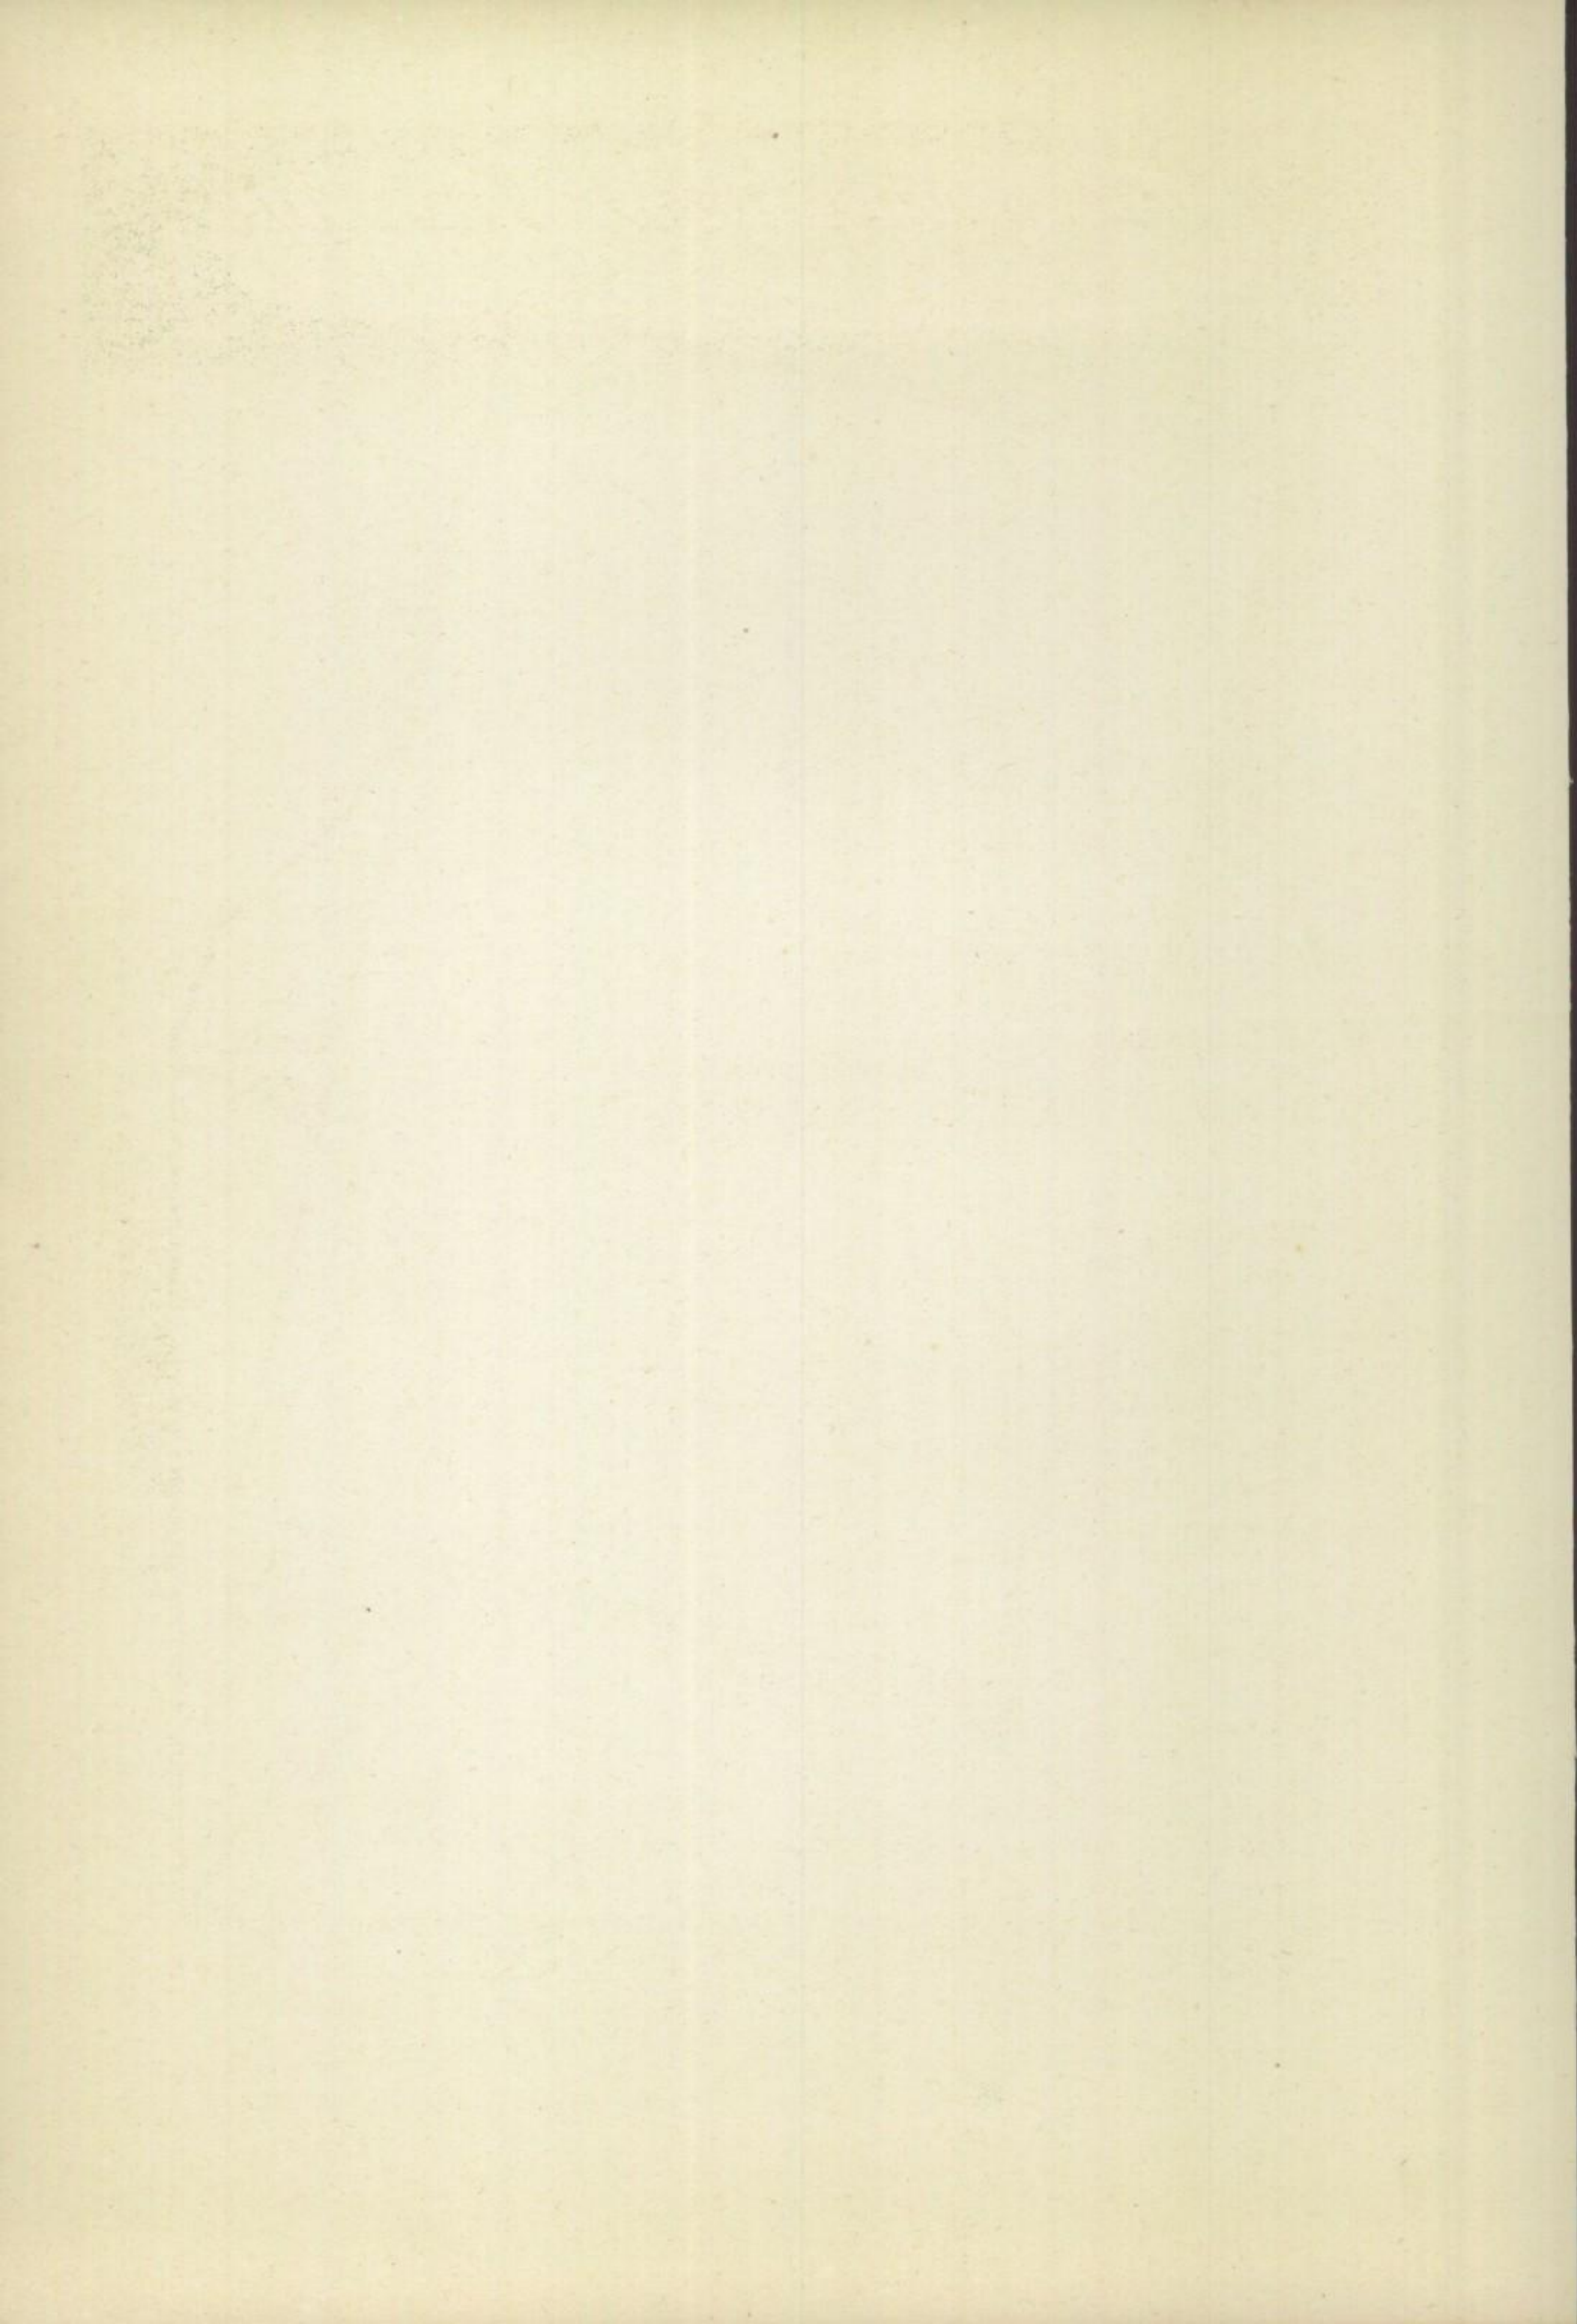

★ SENIOR HISTORY ★

In September of 1939, forty-nine of us enrolled as Freshmen as practically all classes do. Miss Morrow's English I caused a few of us to fall by the wayside, and some had gone down in Mr. Irvin's algebra. For Freshmen we weren't so bad either. We had an excellent base ball team and a fair Junior High basketball team. Along came December and we were entertained by our sponsor, Mr. Hutchinson, with a Christmas party.

Fall of '40 came, and forty enrolled as sophomores. Some had moved away, but these were counter-balanced by new students. We elected officers again, including a treasurer who had little to do, and a vice-president who had even less. Our advancement hadn't helped our dignity much. About 30% still came to meetings in a storm. The Sophomores took the highest honors in the season's activities, by electing Mary Jo Baxter as Football Queen and Truett Moseley and Mary Louise Cox as king and queen of the Carnival. Mr. Heflin was selected as Sophomore sponsor and took the tedious task of keeping our business straight.

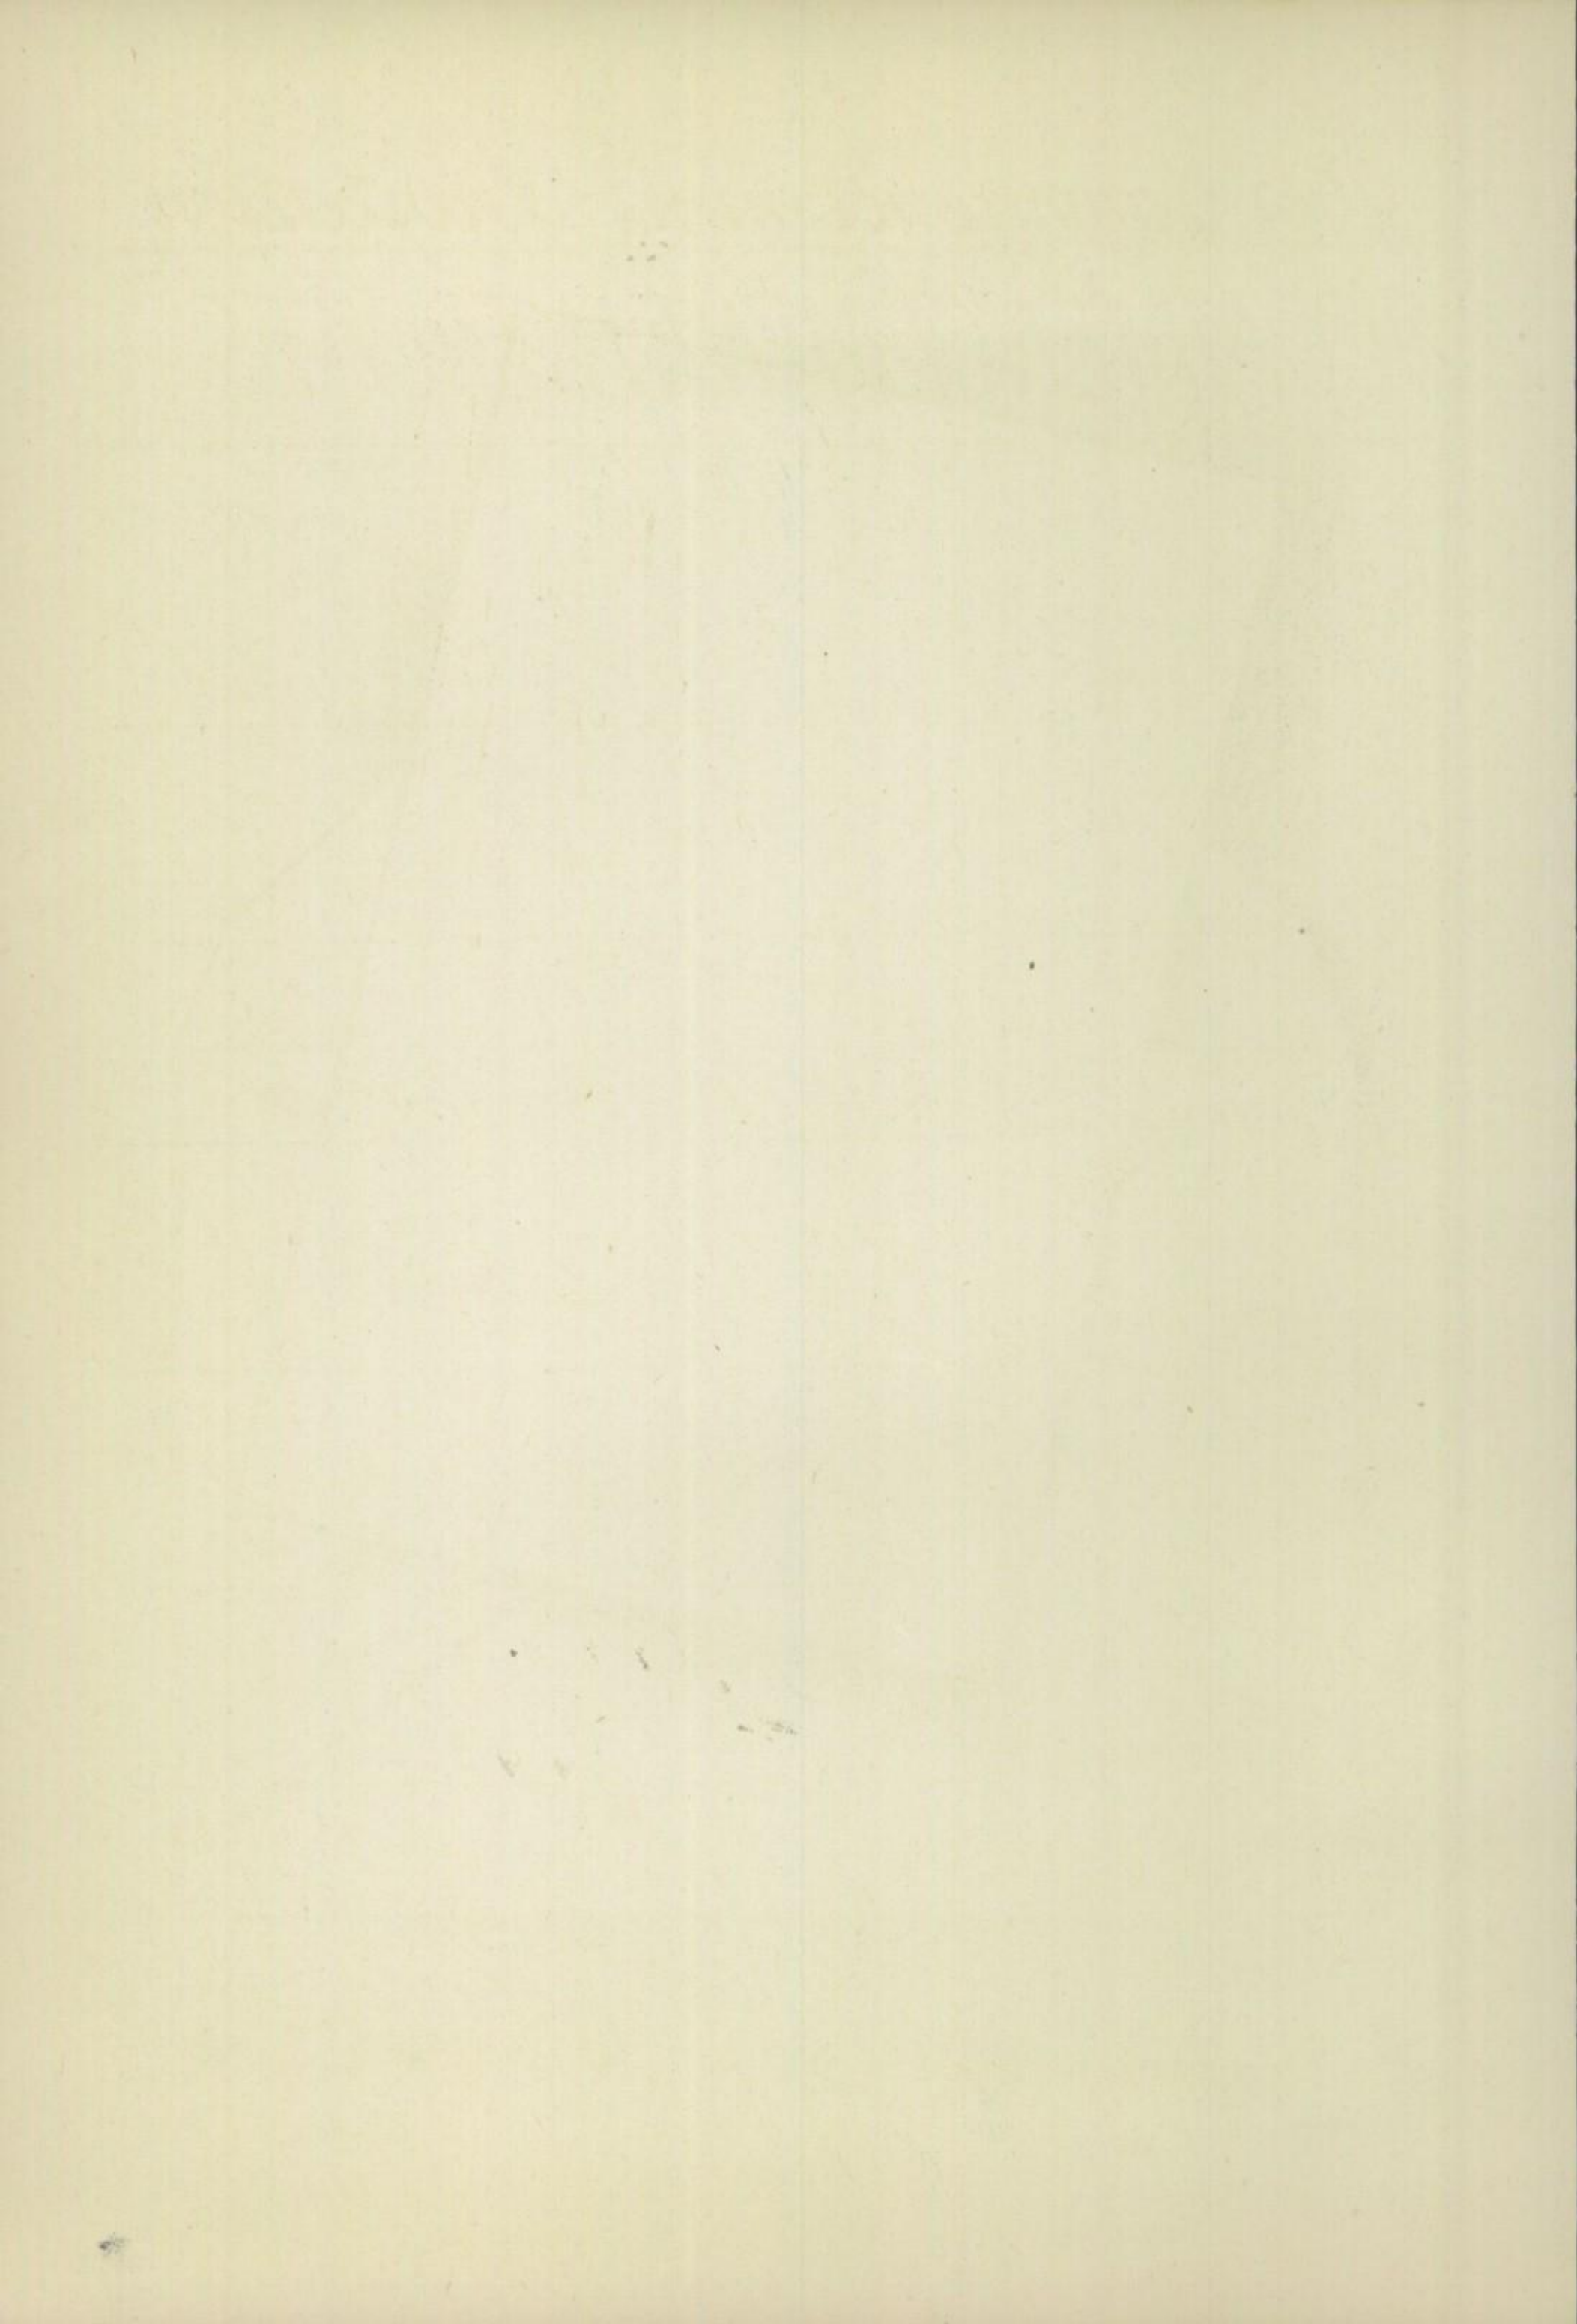

There were thirty-nine of us as Juniors. Our ranks were thinned by geometry, some lingered over history another nine months and some wandered off never to return. We gave our treasurer more to do then. We presented "The Meddlesome Maid" and uncovered a lot of talent and some cash. The Junior-Senior Banquet was a huge success. The color scheme was that of the rainbow, and candles furnished light. Then spring came and we were Seniors.

August, '42, found us Seniors, and although our ranks have been thinned to about twenty-nine, we have an excellent basketball team. In the fall of '42 the Seniors were again in the spotlight when our class won by a great majority over the Sophomores when our king, Don Noble, crowned the Senior queen, Velma Moseley. Our Senior play, "Aunt Tillie Goes To Town," made more money than our Junior play. To sum it up, we've been a pretty "Classie" class. Anyway, we've had fun.

JUNIOR HISTORY

In September, 1932, the Juniors of today took their first step on the rocky road of education. We studied for eight years before we came to the turn that led us into High School

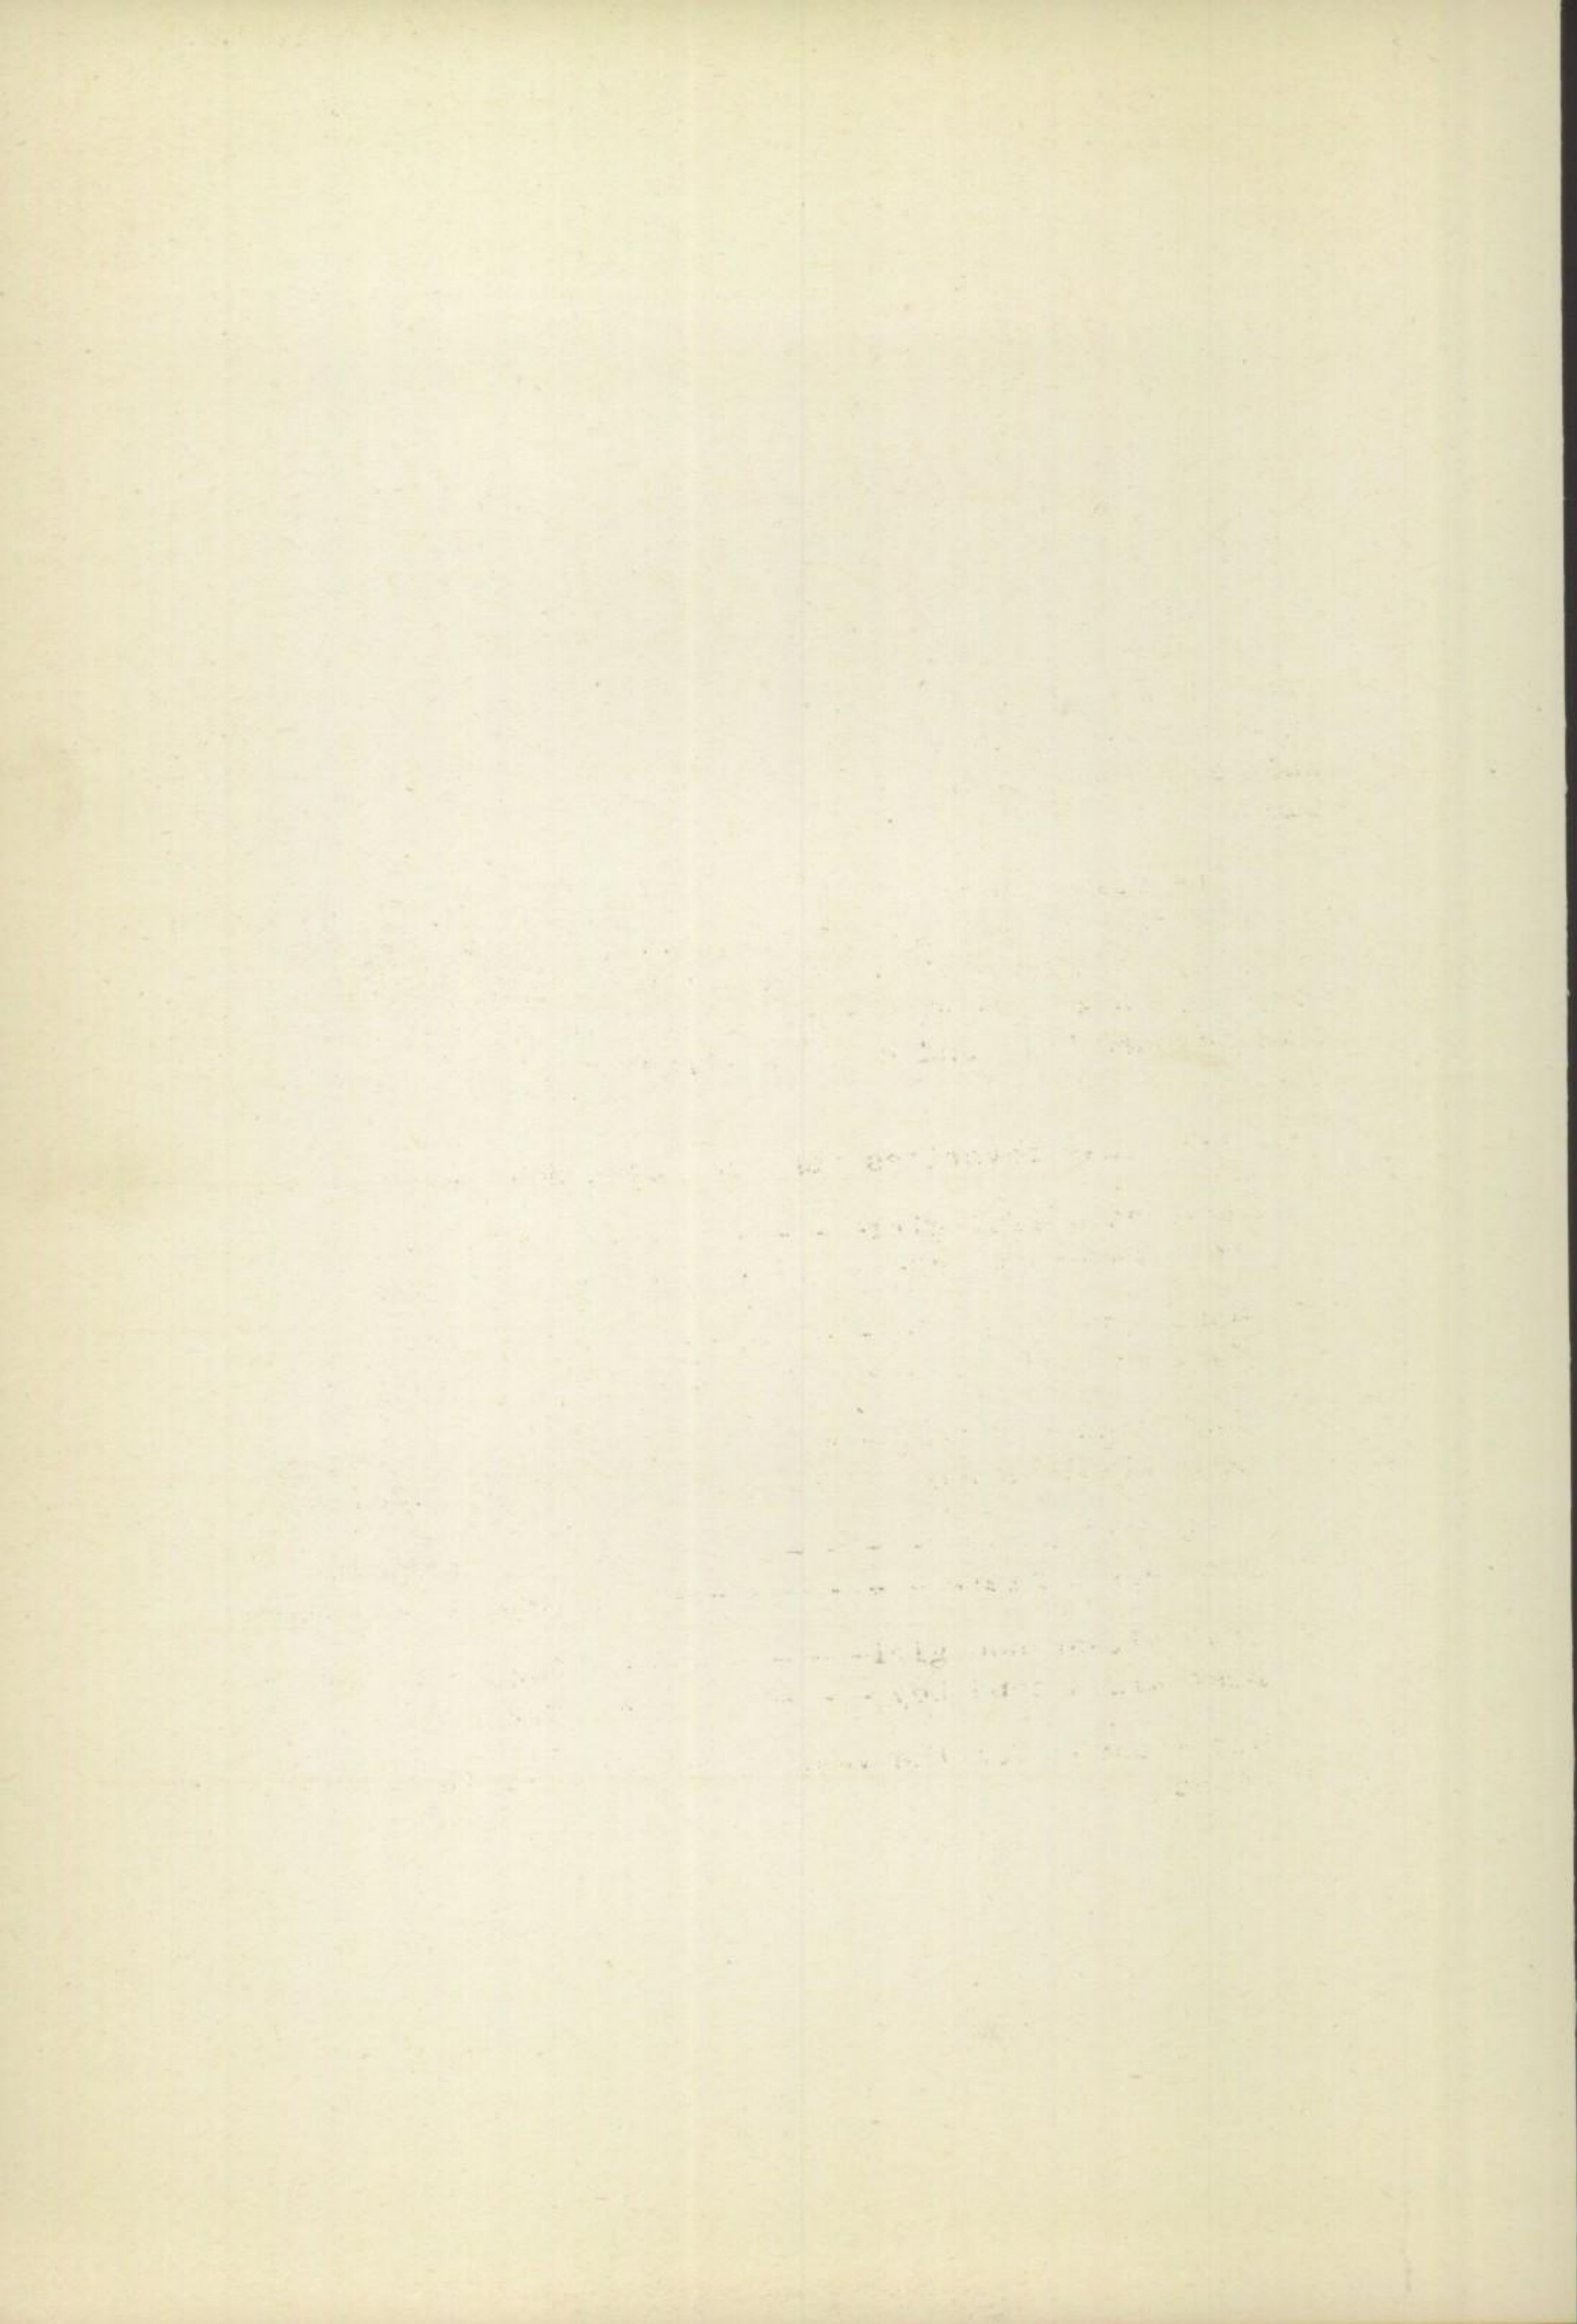

There were seventeen Freshmen who worked hard to pass from the Freshman Class to the Sophomore Class. From our Freshman year to the next we gained a few students for we had twenty-one. In our Junior year we have counted twenty-seven students, who hail from Brashear, Maloy, Friendship, Palestine, Branom, and Cumby.

The main events of the year, 1942-'43, amounted to a picnic at Ada Lee Hall's home. Later came a weiner roast at Billie Jo Petty's, then we all remember the watermelon cutting on the school campus. We also participated in the Halloween Carnival with Ada Lee Hall and R. T. Williamson as our prince and princess.

Our class favorites were selected and named as follows:

Most beautiful girl-	- - - - -	Wanda Len McQueen
Most handsome boy-	- - - - -	W. C. Hale
Most popular girl-	- - - - -	Wanda Rose Romack
Most popular boy -	- - - - -	R. L. Green

Best boy athlete -	- - - - -	Gerald Carpenter
Best all-around girl-	- - - - -	Wilodyean Boardman
Best all-around boy -	- - - - -	Wayne Smith

Our sponsor for the year as selected by the class was Mr. C. M. Speed.

SOPHOMORE HISTORY

September, 1934 was the year the present Sophomore class took their first step on the rocky road of education. Two of their members won an arithmetic event and a declamation during their seventh year of school.

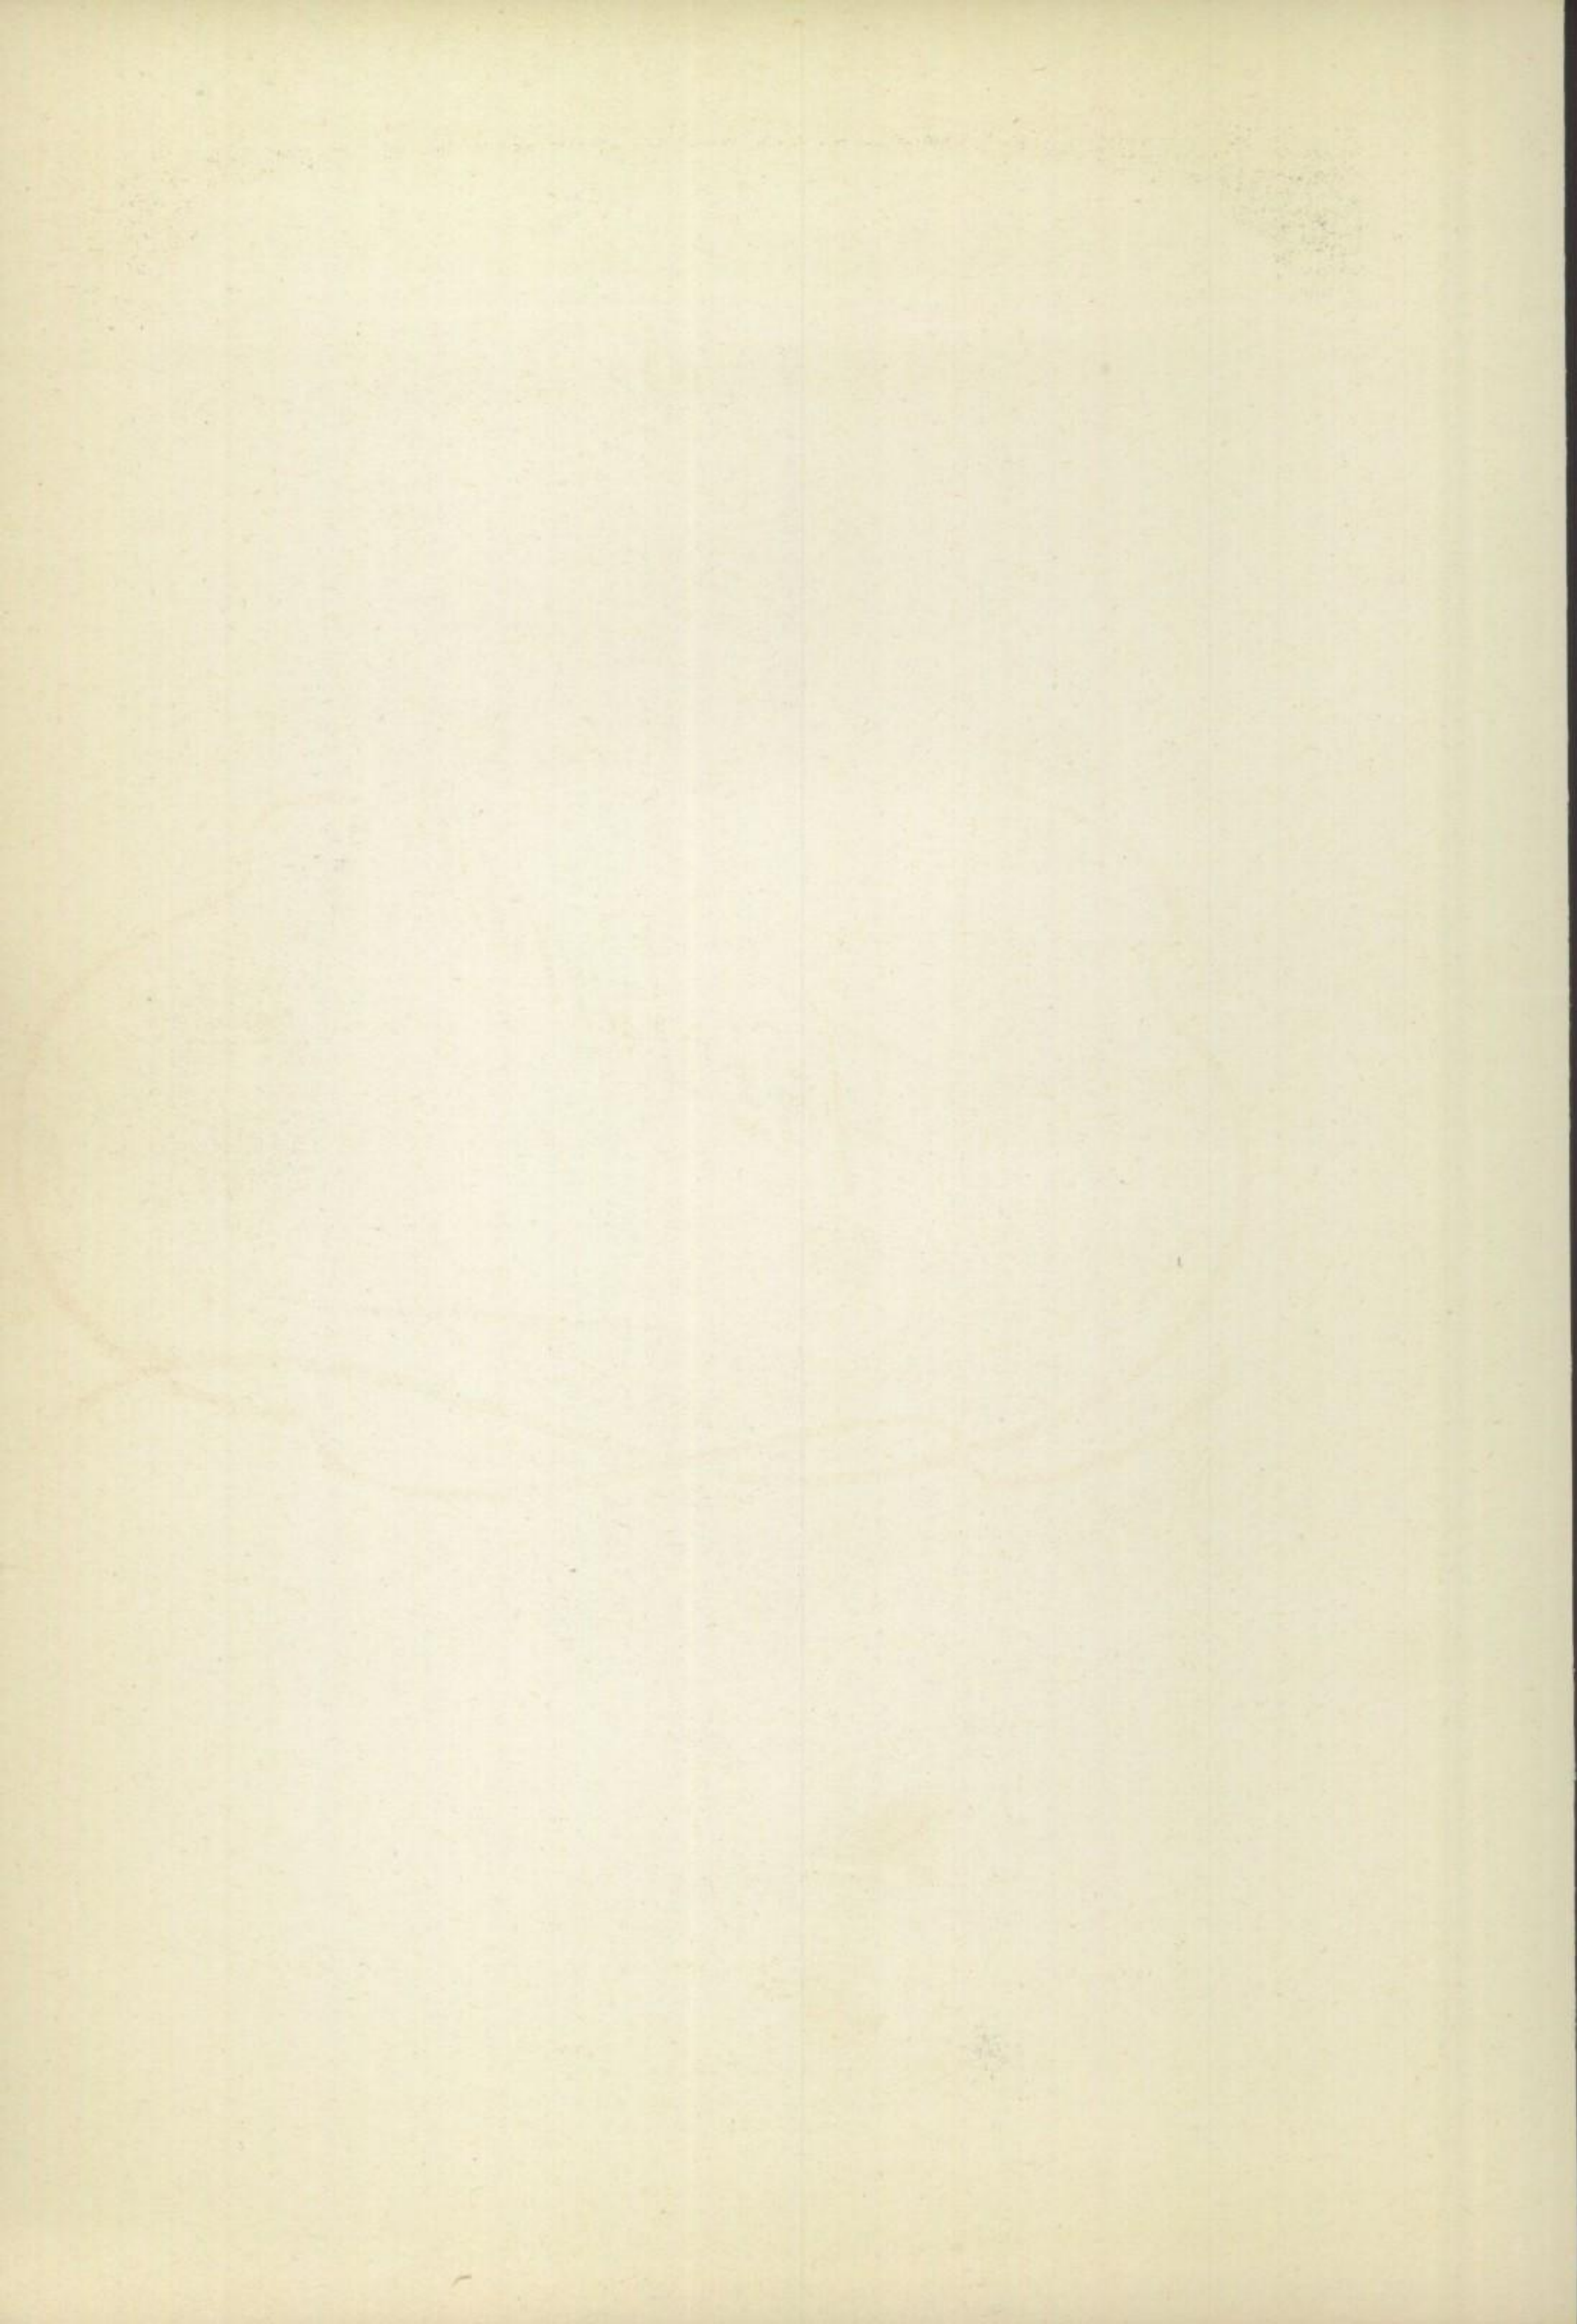

They traveled this road for seven years before they came to the turn that led to high school. In the spring of 1941 eight took their diplomas, but fall entrance showed an increase to twenty-four. Two of their members became king and queen of Halloween.

After nine months residence in the Freshman class they moved on to the land of Sophomores. Again they entered the Halloween king and queen race. This time they came in second.

Our class favorites are as follows:

Best all around girl	Rose Jean Moseley
Best all around boy	Homer Bramlett
Most beautiful girl	Wanda Lee Eddins
Most handsome boy	Delbert Vick
Most studious girl	Dorothy Sue Anderson
Most studious boy	Billy Claude Strickland
Most popular girl	Bonnye Lee McCann

The Cumby Grammar School has an enrollment of around one hundred and fifty pupils. Miss Ruth Green is grade school principal; she teaches the seventh and eighth grades. Other elementary teachers are as follows: Mrs. Faye Odom, fifth and sixth, Mrs. Mable Guinn, third and fourth; and Mrs. Preston Hutchinson, first and second.

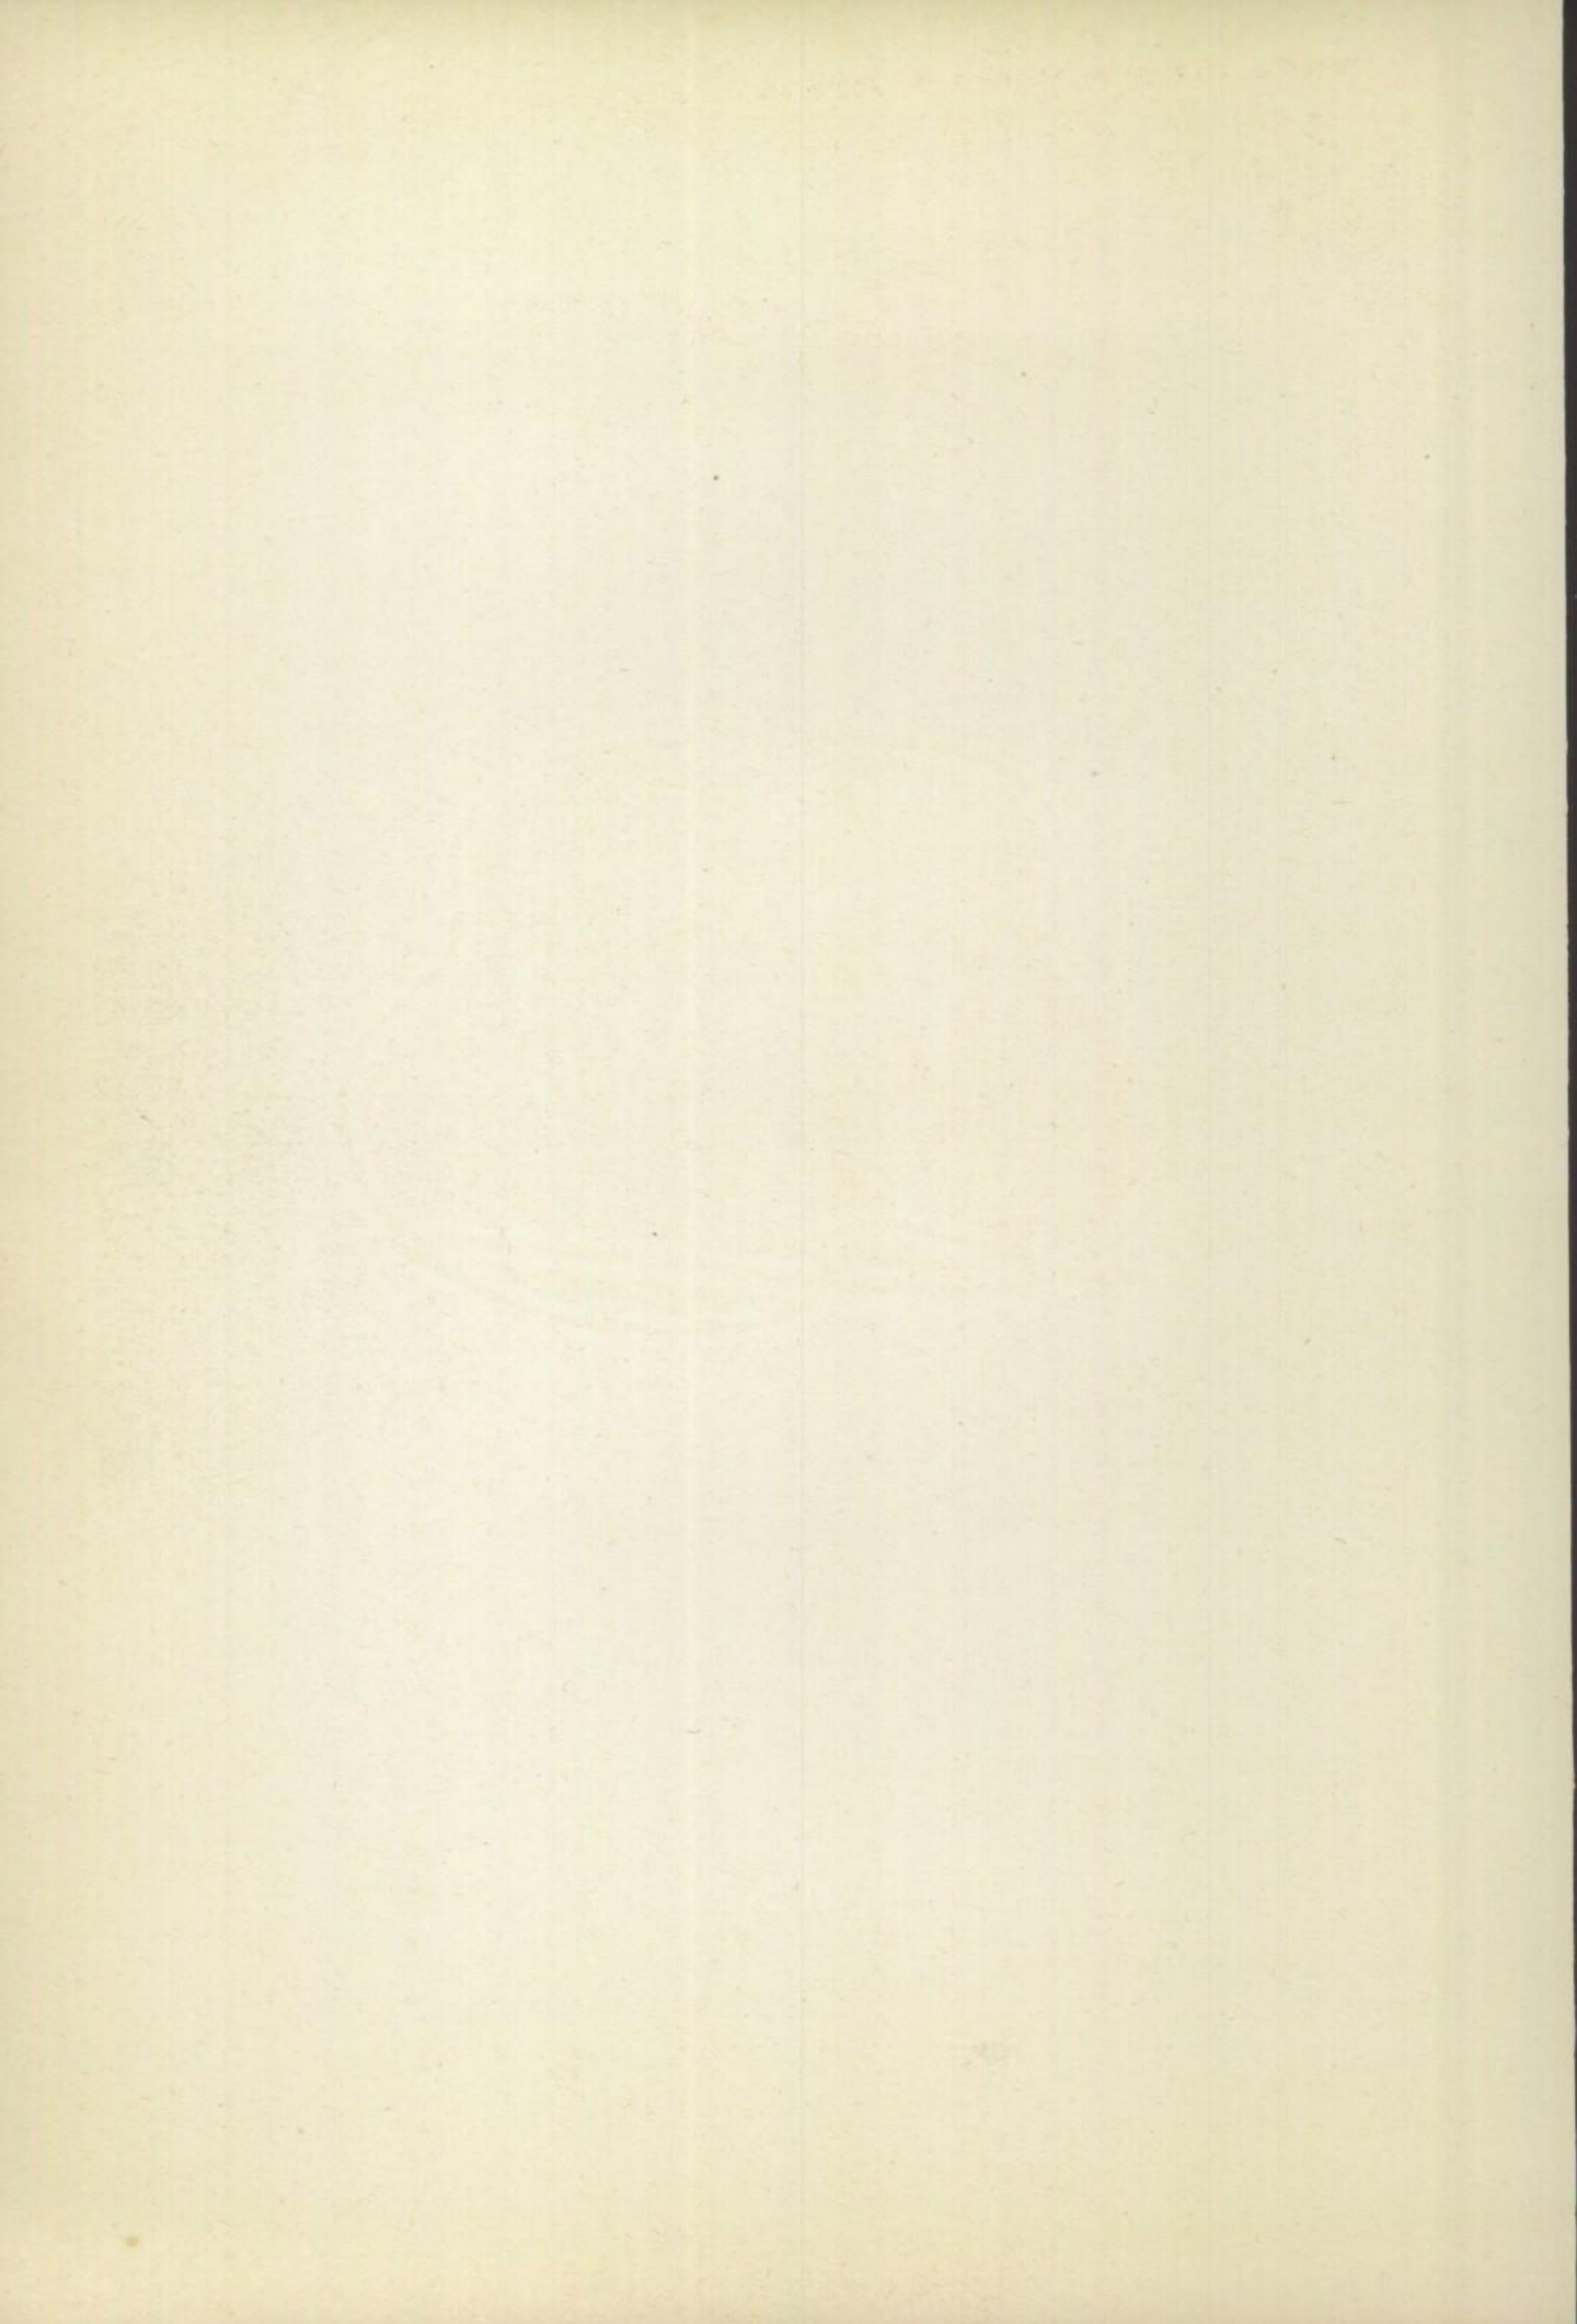

The eighth grade is an organized class consisting of twenty-three members. The president of the class is Billy Junell; Secretary, Dorothy Maire Moreland; and Reporter, Robbie Plunkett. One of the outstanding events of the year was the eighth grade banquet.

Top ranking scholarship in the eighth grade lies between Charles Eastman and Billy Junell, one of which will be valedictorian at the end of the term and the other will be salutatorian.

Pupils of the grade school take a very active part in every school activity. They are always active in sports too, and will someday develop into stronger and greater Trojans, perhaps, than we have yet had. They are enthusiastic about various athletic teams, and some of them, even now, promise to do great things on the grid-iron, and the court in the near future.

Just as a building is no stronger than its foundation, so is a school no stronger than its foundation, the primary and the elementary grades. We are proud of the splendid work done in our elementary school, and we feel that our high school is continually made stronger and more vigorous by the fine type of students in our high school, who come to us from surrounding rural schools. Significant of their work is the fact that many times our highest ranking students are from these schools.

A GIRL'S CREED

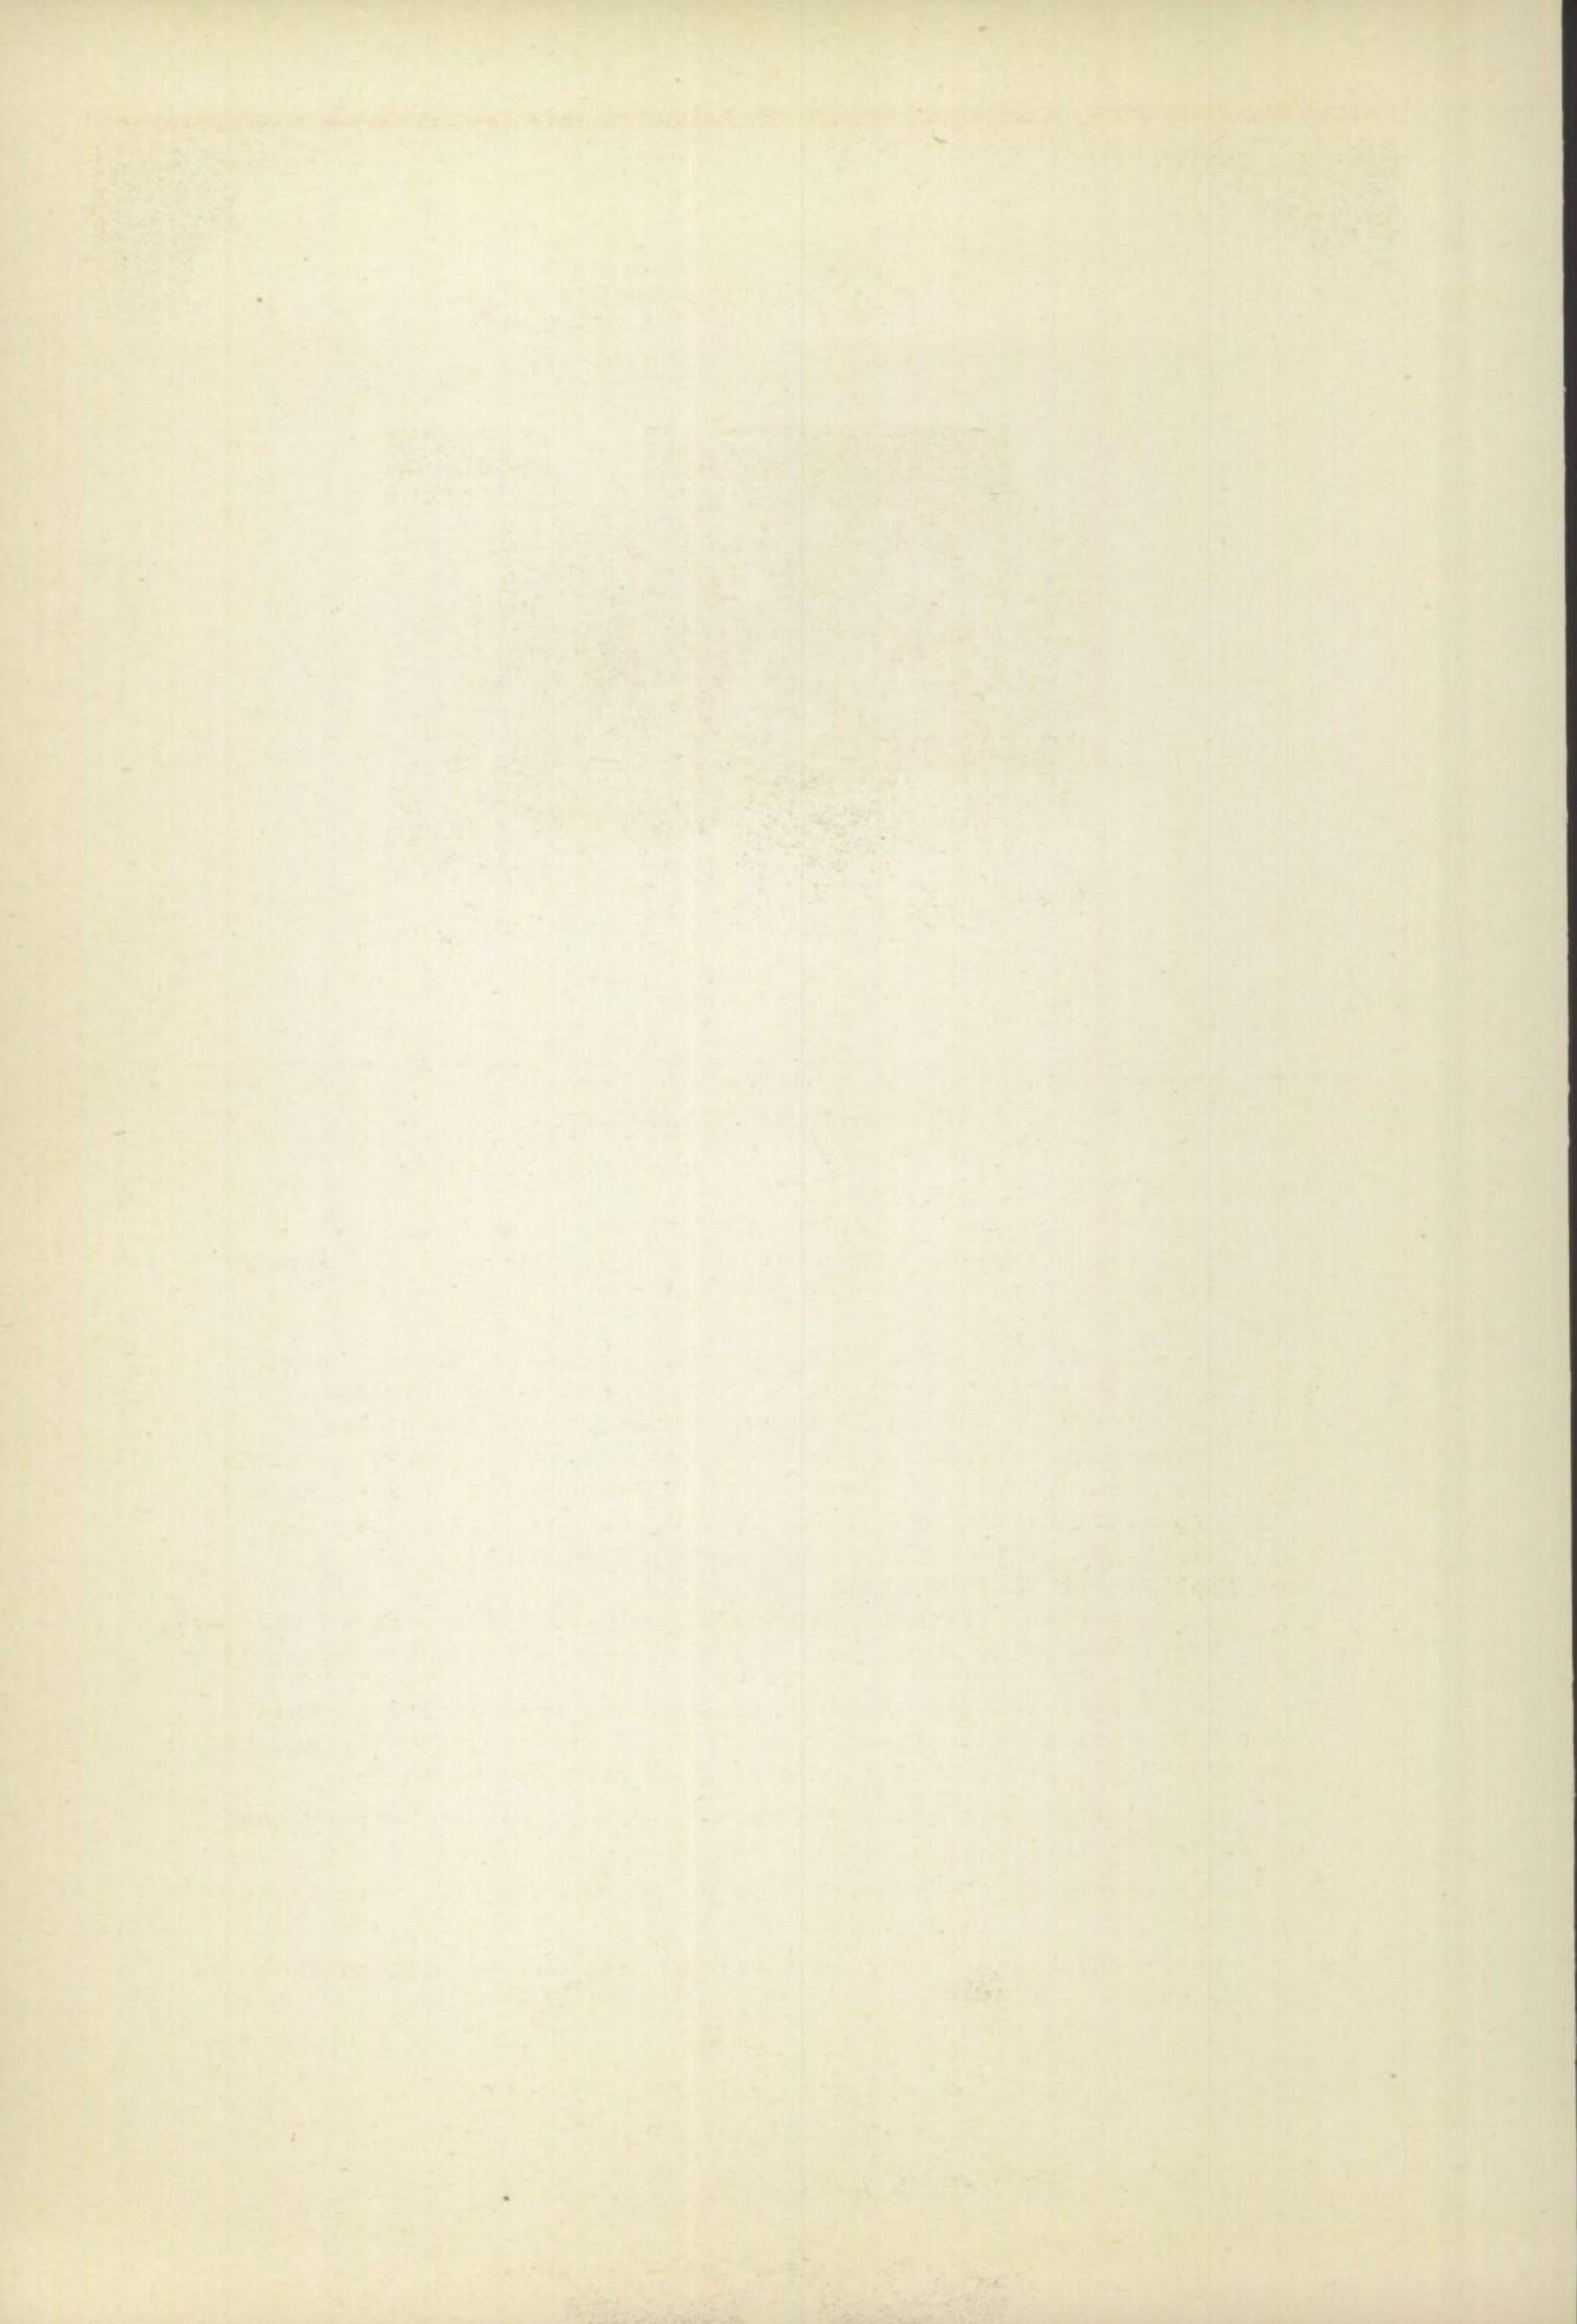

I believe that the home is woman's natural environment.

I believe that there is as much art in making a barren house into a glistening comfortable home as there is in painting a picture or in writing a poem.

I believe that there is dignity and beauty in service that, as a career for women, homemaking offers greater opportunity for leisure, for growth of mind and spirit, for exercise of the body, than any other occupation.

I believe that one who has the intelligence to keep her own house in order is wise enough to be a force in any community.

It is my desire to be one of the countless women of the world to make life sweeter and better because I live and do my work well.

The F.F.A. Chapter is proud of the work they have done this year. We have gone on field trips for 117 different people and demonstrated our ability as to the kind of work we had to do.

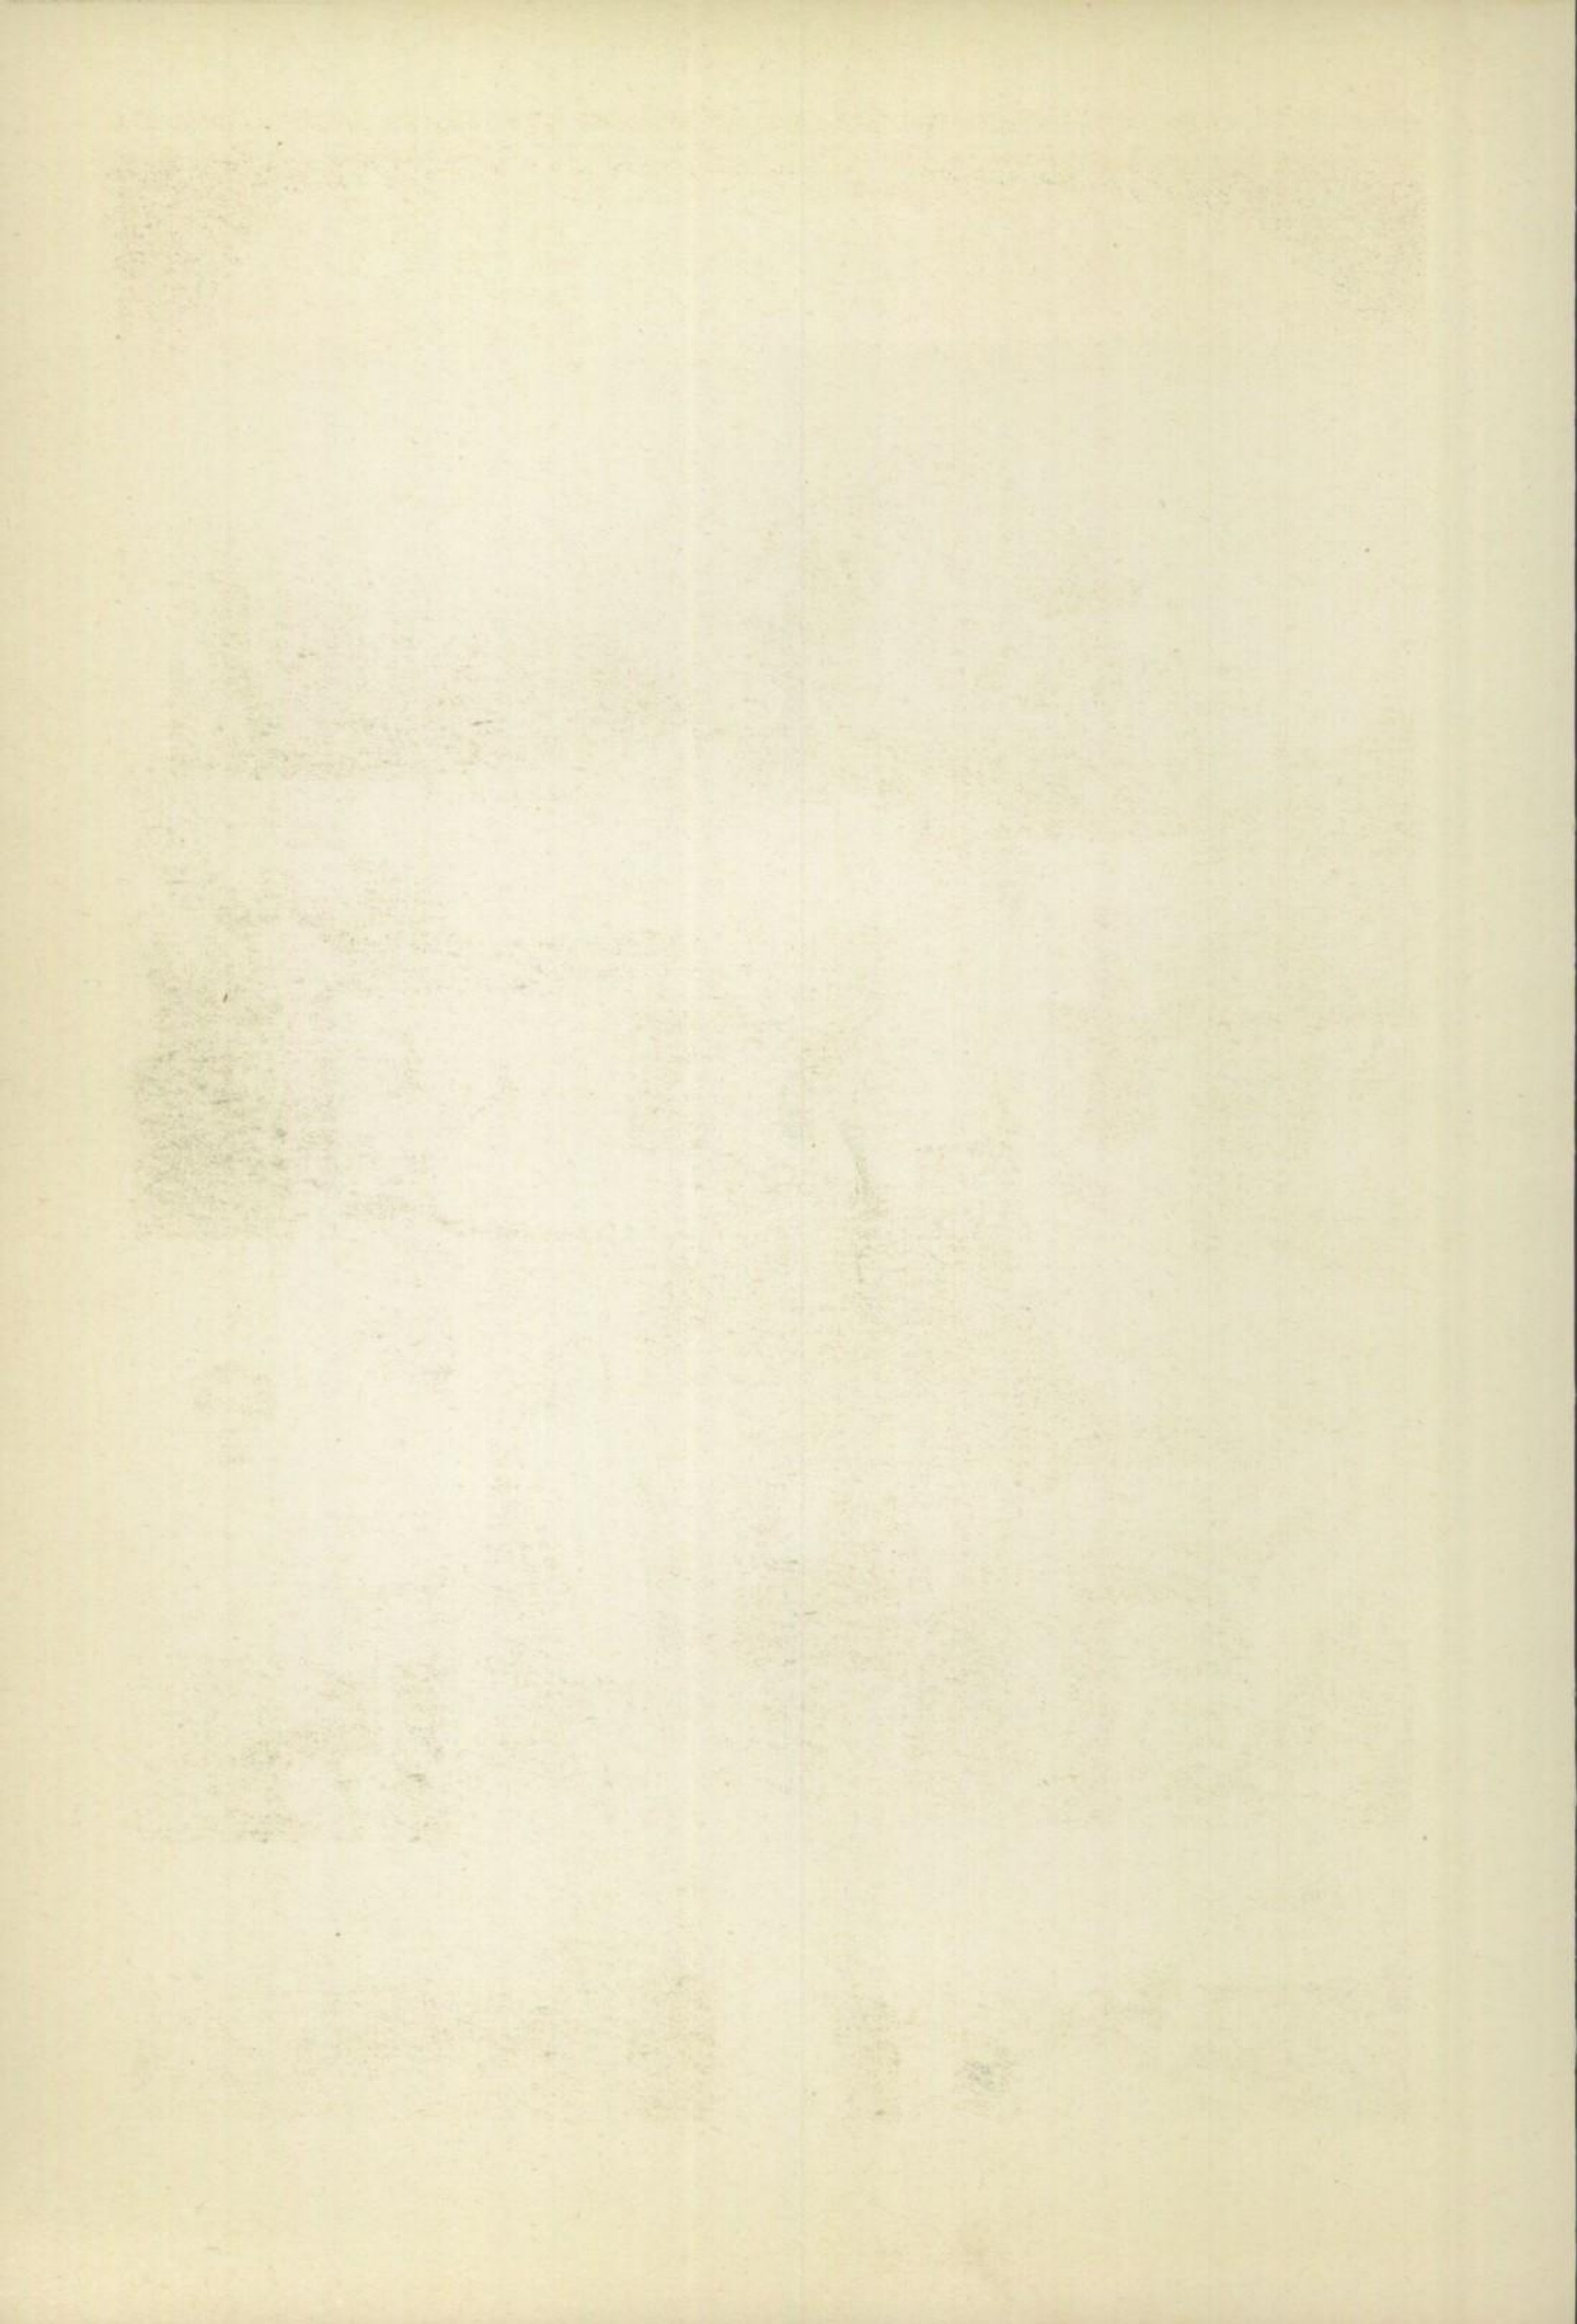

In order to help out for a final VICTORY, we have worked hard on difficult jobs that needed no further postponement.

Our slogan is, "Community Service To All, Special Privileges To None."

Under the capable leadership of Mr. Bolton, we will continue to do our part.
